Topic II — Islamic Worships (Ibadat) and Their Impact

The Knowledge Base · Ibadah, Salah, Zakat, Sawm, Hajj, Fard Ayn and Fard Kifayah — and their spiritual, moral and social impact

Eight chapters built from the syllabus and from the six questions set on this topic between 2015 and 2026, with the contemporary debates, the examiner's record, five likely questions, a numbered one-liner bank and chapter-by-chapter revision notes. Every point carries its evidence — **the Quran first, then the Hadith, then the scholars** — inside the point itself.

How this document is built

1. **Part Zero** — the ABC: what 'worship' means and the words of this topic.
2. **Part One** — eight chapters, divided down to four levels of headings; every point carries its evidence inside it.

3. **Part Two** — contemporary challenges and hot debates.
4. **Part Three** — the examiner's record and five likely questions.
5. **Part Four** — the numbered one-liner bank.
6. **Part Five** — the revision notes: every chapter in compressed, exam-night form.

EXAMINER'S EYE · THIS TOPIC IN THE PAPER

Asked **six times: Zakat three times** (2015, 2017, 2018), Salah (2016), Hajj (2019) and Fard Kifayah (2025). The examiner's fixed formula is '**spiritual, moral and social impact**' — prepare every worship with those three headings ready. **Sawm has never been asked**; it is overdue.

Part Zero — The ABC Before the Chapters

0.1 Worship in Islam is not only ritual

Most people hear 'worship' and think of prayer and fasting. In Islam, these are the **pillars** of worship, not its whole building. The Quran gives the purpose of human life in one word — **ibadah** — and that word covers the whole of a believer's life lived in obedience to Allah.

✦ QURAN

﴿وَمَا خَلَقْتُ الْجِنَّ وَالْإِنْسَ إِلَّا لِيَعْبُدُونِ﴾

"And I did not create the jinn and mankind except to worship Me." (Adh-Dhariyat, Quran)

→ The purpose of creation is **ibadah** — the pillars are its training, the whole of life is its field.

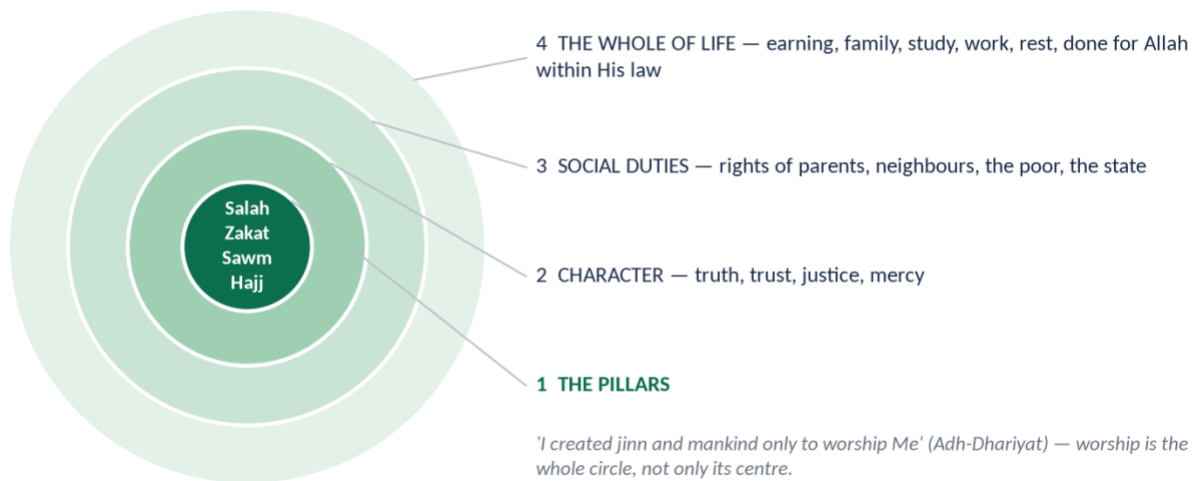

Figure 2 · Worship in Islam: the pillars at the centre, the whole of life in the outer circle.

0.2 The three impacts — the examiner's formula

Every act of worship works on three levels at once. Learn them as a triangle and use it in every answer of this topic.

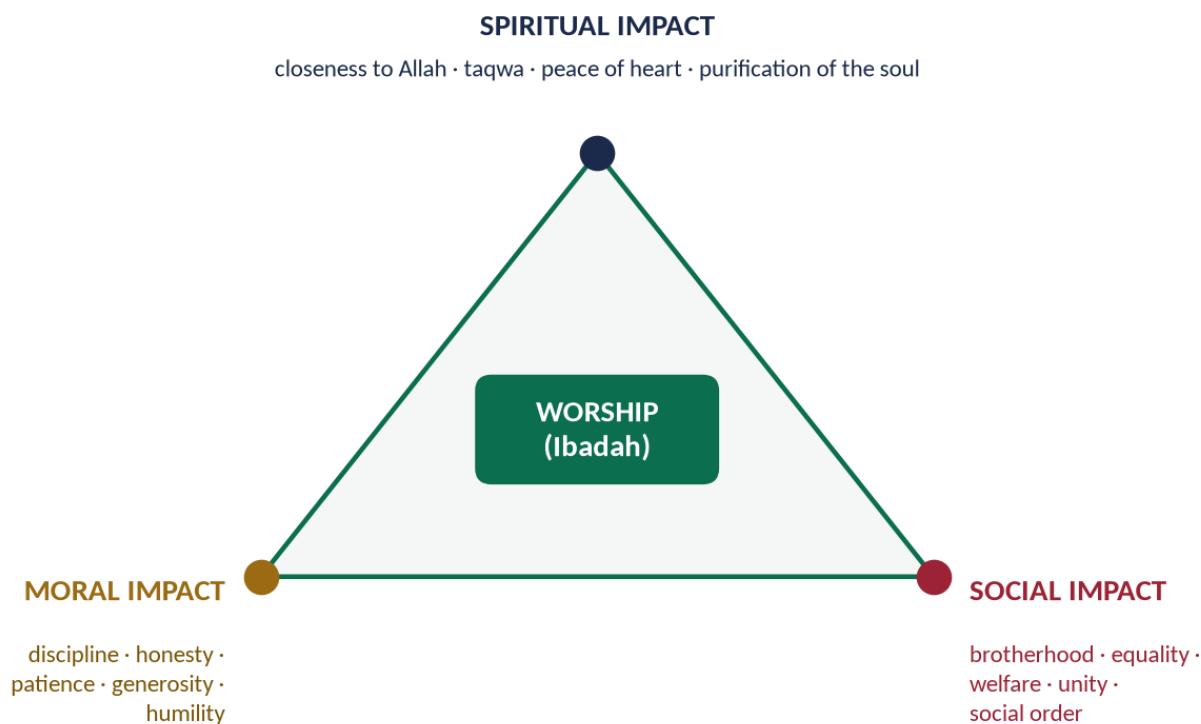

Figure 3 · The spiritual, moral and social impact of worship.

Impact	Meaning
Spiritual	The relationship with Allah: remembrance, taqwa, sincerity, peace of heart, purification of the soul.
Moral	The character of the worshipper: discipline, honesty, patience, generosity, humility, self-control.
Social	The effect on society: brotherhood, equality, welfare, unity, order and justice.

0.4 The pillars and the building

The Prophet ﷺ said that Islam is **built on five** (Al-Bukhari and Muslim). The image is exact: the pillars hold up a building, but the building is larger than its pillars. Shahadah (T1) is the foundation; Salah, Zakat, Sawm and Hajj are the four pillars of this topic; the building itself is the whole Islamic life — family, trade, government and society — that the pillars hold up. A person who has the pillars but no building has only ritual; a person who wants the building without the pillars will see it collapse.

Chapter 1 · Ibadah: The Concept of Worship in Islam

1.1 The meaning of Ibadah

(1) Literal meaning

Ibadah comes from 'abd — a servant or slave. Ibadah therefore means **complete obedience with complete humility and love**, the attitude of a servant before his Master.

(2) Technical meaning

Ibadah is **every belief, word and deed — outward or inward — that Allah loves and is pleased with, performed for His sake according to His guidance.**

1.2 The two senses of Ibadah

(1) The narrow sense — the rituals

The specific acts of worship: Salah, Zakat, Sawm, Hajj, remembrance (dhikr), recitation of the Quran and supplication (du'a).

(2) The wide sense — the whole of life

Every lawful act becomes worship when it is done with the right intention and within Allah's limits: earning for the family, studying, serving parents, keeping a promise, even a smile.

✦ HADITH

إِنَّكَ لَنْ تَنْفِقَ نَفَقَةً تَبْتَغِي بِهَا وَجْهَ اللَّهِ إِلَّا أُجِرْتَ عَلَيْهَا، حَتَّى مَا تَجْعَلُ فِي فَمِ امْرَأَتِكَ

"You will not spend anything seeking the pleasure of Allah except that you will be rewarded for it — even the morsel you put in your wife's mouth." (Al-Bukhari and Muslim)

→ Spending on one's family is **worship** when the intention is right.

✦ HADITH

تَبَسُّمُكَ فِي وَجْهِ أَخِيكَ لَكَ صَدَقَةٌ

"Your smile in the face of your brother is charity for you." (Al-Tirmidhi)

→ Even the smallest social kindness is counted as worship.

✦ QURAN

﴿قُلْ إِنَّ صَلَاتِي وَنُسُكِي وَمَحْيَايَ وَمَمَاتِي لِلَّهِ رَبِّ الْعَالَمِينَ ۝ لَا شَرِيكَ لَهُ يُؤْيِدُكَ أُمِرْتُ وَأَنَا أَوَّلُ الْمُسْلِمِينَ﴾

"Say, 'Indeed, my prayer, my rites of sacrifice, my living and my dying are for Allah, Lord of the worlds. No partner has He. And this I have been commanded, and I am the first [among you] of the Muslims.'" (Al-An'am, Quran)

→ 'My prayer, my sacrifice, **my living and my dying** are for Allah' — the wide sense of worship in one verse.

1.3 The conditions of acceptable worship

(1) Ikhlas — sincerity

The deed must be for Allah alone, not for show.

✦ HADITH

إِنَّمَا الْأَعْمَالُ بِالنِّيَّاتِ، وَإِنَّمَا لِكُلِّ امْرِئٍ مَا نَوَى

“Actions are judged only by intentions, and every person will have only what he intended.” (Al-Bukhari and Muslim)

→ Intention turns an ordinary act into worship — and a ritual without sincerity into nothing.

(2) Ittiba' — following the Sunnah

The rituals must be performed as the Prophet ﷺ taught them; worship is not invented.

✦ HADITH

مَنْ عَمِلَ عَمَلًا لَيْسَ عَلَيْهِ أَمْرُنَا فَهُوَ رَدٌّ

“Whoever does a deed that is not in accordance with our matter will have it rejected.” (Muslim)

→ Worship follows the **revealed method**, not personal taste.

1.4 The kinds of worship

Kind	Examples	What it trains
Bodily (badani)	Salah, Sawm	Discipline and submission of the body
Financial (mali)	Zakat, Sadaqah, Ushr	Control of greed; care for others
Bodily and financial	Hajj, Umrah	Sacrifice of time, money and comfort
Of the heart	Love, fear, hope, trust in Allah	Sincerity and inner purity
Of the tongue	Dhikr, recitation, truthful speech	Remembrance and self-control

1.5 Why Allah prescribed worship — the wisdom

(1) To remember Allah

✦ QURAN

﴿إِنِّي أَنَا اللَّهُ لَا إِلَهَ إِلَّا أَنَا فَاعْبُدْنِي وَأَقِمِ الصَّلَاةَ لِذِكْرِي﴾

“Indeed, I am Allah. There is no deity except Me, so worship Me and establish prayer for My remembrance.” (Taha, Quran)

→ 'Establish prayer **for My remembrance**.'

(2) To build taqwa

Each worship trains the inner guard of the soul (Al-Baqarah on fasting: 'that you may attain taqwa').

(3) To discipline the self

Rising for Fajr, giving from what one loves, hunger in Ramadan, the hardship of Hajj — each breaks the rule of the ego.

(4) To build a community

Congregation, Zakat, the common fast and the gathering of Hajj bind Muslims into one Ummah.

✦ SCHOLARLY VIEW

Shah Waliullah Dehlawi · Hujjat Allah al-Baligha

Shah Waliullah explains that the rites of worship are not arbitrary: each is designed to purify the soul, to train it in humility before Allah, and to organise the life of the community — so that the spiritual and the social benefits of worship go together.

→ Worship has **reasons** (asrar) — useful for any 'impact' question.

TRAP · WORSHIP IS NOT A TRANSACTION OR A RITUAL ALONE

Do not describe worship as 'duties to please God so that He rewards us' and stop there. The examiner wants the **impact**: what worship does to the person and to society. Always move from the ritual to its fruit.

1.6 Islam rejects monasticism — worship within life

(1) The Quran on monasticism

✦ QURAN

﴿...وَرَهْبَانِيَّةً ابْتَدَعُوهَا مَا كَتَبْنَاهَا عَلَيْهِمْ...﴾

"And monasticism, which they innovated — We did not prescribe it for them." (Al-Hadid, Quran)

→ Withdrawal from the world was **not** prescribed by Allah; Islamic worship is lived **inside** society.

(2) The Prophetic balance

Three Companions once resolved to pray all night, fast every day and never marry. The Prophet ﷺ corrected them:

✦ HADITH

أَمَّا وَاللَّهِ إِنِّي لَأَخْشَاكُمْ لِلَّهِ وَأَتَقَاكُمْ لَهُ، لَكِنِّي أَصُومُ وَأُفْطِرُ، وَأُصَلِّي وَأَرْقُدُ، وَأَتَزَوَّجُ النِّسَاءَ، فَمَنْ رَغِبَ عَن سُنَّتِي فَلَيْسَ مِنِّي

"By Allah, I fear Allah more than any of you and am the most mindful of Him; yet I fast and I break my fast, I pray and I sleep, and I marry women. Whoever turns away from my Sunnah is not of me." (Al-Bukhari and Muslim)

→ Worship is **balance**, not the rejection of normal life.

(3) Why this matters

Monasticism separates religion from the world; Islam makes the world a place of worship. This is the ground of the 'Din vs religion' distinction (T1) and of the modern scope of Fard Kifayah (Chapter 7).

1.7 Worship and the rights of people

(1) Huquq Allah and Huquq al-Ibad

Worship includes the rights of Allah (prayer, fasting) **and** the rights of people (justice, kindness, honesty). Allah may forgive neglect of His rights; the rights of people must be returned to them (the Muflis hadith, T1).

(2) Social worship is often greater

✦ HADITH

السَّاعِي عَلَى الْأَرْمَلَةِ وَالْمِسْكِينِ كَالْمُجَاهِدِ فِي سَبِيلِ اللَّهِ، أَوْ الْقَائِمِ اللَّيْلَ الصَّائِمِ النَّهَارَ

"The one who strives for the widow and the poor is like the one who fights in the way of Allah, or like the one who prays all night and fasts all day." (Al-Bukhari and Muslim)

→ **Serving the needy** is equal in reward to the highest ritual worship.

✦ HADITH

كُلُّ مَعْرُوفٍ صَدَقَةٌ

"Every good deed is charity." (Al-Bukhari)

→ The door of worship is open in **every kindness**.

1.8 Ihsan: the highest level of worship

Worship reaches its perfection in **ihsan** — 'to worship Allah as though you see Him' (Muslim). Ihsan turns ritual into presence of heart and turns every duty into excellence. It is the bridge from worship (T2) to self-purification (T5).

Chapter 2 · Salah: Meaning, Categories and Impact

This chapter answers CSS 2016: 'Define the meaning of prayer and its different categories. Also describe the spiritual, moral and social impact of prayers.'

2.1 The meaning of Salah

(1) Literal meaning

Salah (صلاة) means **supplication (du'a)**, **mercy** and — according to many scholars — **connection (silah)**: the link between the servant and his Lord.

(2) Technical meaning

Salah is a **specific act of worship**, beginning with the takbir and ending with the taslim, made up of **standing, recitation, bowing and prostration**, performed at fixed times with its conditions.

2.2 The status of Salah

(1) The second pillar of Islam

It comes immediately after the Shahadah, and it is the only pillar made obligatory in the heavens — on the night of the **Mi'raj**, about a year before the Hijrah.

(2) The dividing line of faith

✦ HADITH

إِنَّ بَيْنَ الرَّجُلِ وَبَيْنَ الشِّرْكِ وَالْكُفْرِ تَرَكَ الصَّلَاةِ

"Between a man and shirk and disbelief is the abandoning of prayer." (Muslim)

→ Salah is the **visible sign** of faith.

(3) The first question on the Day of Judgement

✦ HADITH

إِنَّ أَوَّلَ مَا يُحَاسَبُ بِهِ الْعَبْدُ يَوْمَ الْقِيَامَةِ مِنْ عَمَلِهِ صَلَاتُهُ

"The first of his deeds for which a servant will be called to account on the Day of Resurrection is his prayer." (Al-Tirmidhi)

→ If the prayer is sound, the rest of the record follows it.

(4) Commanded at fixed times

✦ QURAN

﴿... إِنَّ الصَّلَاةَ كَانَتْ عَلَى الْمُؤْمِنِينَ كِتَابًا مَوْقُوتًا﴾

“Indeed, prayer has been decreed upon the believers at fixed times.” (An-Nisa, Quran)

→ Prayer has been decreed upon the believers **at fixed times** — the discipline of time.

(5) Taught from childhood

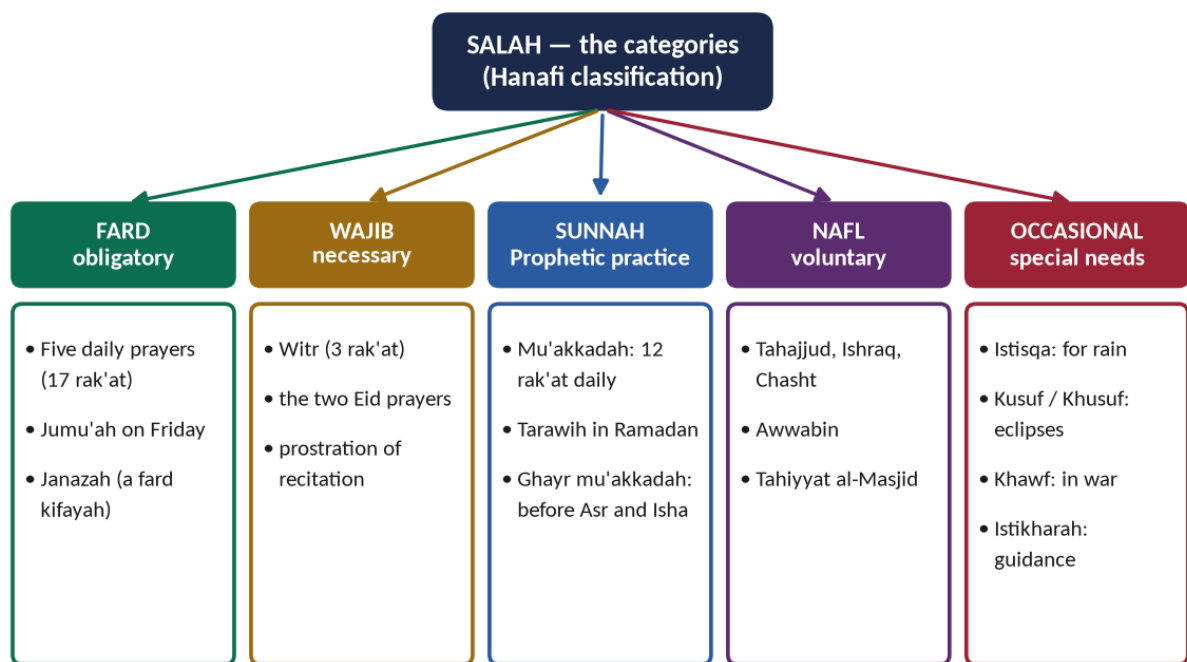

✦ HADITH

مُرُوا أَوْلَادَكُمْ بِالصَّلَاةِ وَهُمْ أَبْنَاءُ سَبْعِ سِنِينَ

“Command your children to pray when they are seven years old.” (Abu Dawud)

→ Salah is the **first training** of a Muslim child — the family's duty.

2.3 The categories of Salah

Janazah is fard kifayah: if some pray it, the rest are relieved (Chapter 7).

Figure 4 • The categories of Salah in the Hanafi classification.

(1) Fard — obligatory

(i) The five daily prayers

Fajr (2 rak'at), Zuhr (4), Asr (4), Maghrib (3) and Isha (4) — **17 fard rak'at** a day. Denying them is disbelief; neglecting them is a grave sin.

(ii) Jumu'ah

The Friday prayer, with its sermon (khutbah), replaces Zuhr for men.

✦ QURAN

﴿يَا أَيُّهَا الَّذِينَ ءَامَنُوا إِذَا نُودِيَ لِلصَّلَاةِ مِنْ يَوْمِ الْجُمُعَةِ فَاسْعَوْا إِلَىٰ ذِكْرِ اللَّهِ وَذَرُوا الْبَيْعَ ...﴾

"O you who believe, when the call is made for prayer on Friday, hasten to the remembrance of Allah and leave trade." (Al-Jumu'ah, Quran)

→ When the call is made for prayer on Friday, **hasten to the remembrance of Allah and leave trade.**

(iii) Salat al-Janazah

The funeral prayer is **fard kifayah**: if some of the community perform it, the rest are relieved (Chapter 7).

(2) Wajib — necessary (a Hanafi category)

Witr (three rak'at after Isha), the two **Eid prayers**, and the prostration of recitation. In the Hanafi school, wajib is stronger than sunnah and just below fard.

(3) Sunnah**(i) Sunnah mu'akkadah — emphasised**

The Prophet ﷺ rarely left them: **twelve rak'at daily** — two before Fajr, four before and two after Zuhr, two after Maghrib and two after Isha — and **Tarawih** in Ramadan.

(ii) Sunnah ghayr mu'akkadah

Prayed sometimes, e.g. four before Asr and before Isha.

(4) Nafil — voluntary

Tahajjud (the night prayer), **Ishraq** (after sunrise), **Chasht / Duha** (mid-morning), **Awwabin** (after Maghrib), **Tahiyyat al-Masjid** (on entering the mosque).

(5) Prayers for special occasions

- **Istisqa** — for rain.
- **Kusuf** — at a solar eclipse; **Khusuf** — at a lunar eclipse.
- **Salat al-Khawf** — the prayer of fear, in war (An-Nisa).
- **Istikharah** — seeking Allah's guidance in a decision.
- **Salat al-Hajah** — for a need.

REMEMBER · CATEGORIES IN ONE LINE

Fard (5 daily, Jumu'ah; Janazah as fard kifayah) → **Wajib** (Witr, two Eids) → **Sunnah** (mu'akkadah 12 daily + Tarawih; ghayr mu'akkadah) → **Nafil** (Tahajjud, Ishraq, Chasht, Awwabin) → **Occasional** (Istisqa, Kusuf, Khusuf, Khawf, Istikharah).

2.4 The conditions and obligatory parts of Salah (Hanafi)

(1) The conditions (shurut) — before the prayer

1. **Taharah** — purity of body (wudu or ghusl), clothes and place.
2. **Satr al-awrah** — covering the body as required.
3. **Waqt** — the prayer's time has begun.
4. **Istiqbal al-Qiblah** — facing the Ka'bah.
5. **Niyyah** — intention.
6. **Takbir al-Tahrimah** — the opening 'Allahu Akbar' (a condition in the Hanafi view).

(2) The obligatory parts (fara'id) — within the prayer

Qiyam (standing), **qira'ah** (recitation), **ruku'** (bowing), **sujud** (prostration), **qa'dah akhirah** (the final sitting), and ending the prayer by one's own act.

(3) The adhan — the public call

The adhan announces the prayer five times a day from every mosque: it declares Tawhid and Risalat, calls to success (*falah*), and organises the rhythm of the whole community's day.

✦ QURAN

﴿وَإِذَا نَادَيْتُمْ إِلَى الصَّلَاةِ اتَّخَذُوهَا هُزُوءًا وَلَعِبًا ذَلِكَ بِأَنَّهُمْ قَوْمٌ لَا يَعْقِلُونَ﴾

"And when you call to prayer, they take it in ridicule and amusement. That is because they are a people who do not use reason." (Al-Ma'idah, Quran)

→ When you call to prayer, **they take it in ridicule and amusement** — the adhan has been a public sign of Islam since Madinah.

2.5 Why five times, and why at these times

(1) A rhythm across the whole day

Fajr begins the day with Allah; Zuhr interrupts work; Asr checks the afternoon; Maghrib ends the day; Isha closes the night. Remembrance is spread across life, not kept for one day of the week.

✦ QURAN

﴿أَقِمِ الصَّلَاةَ لِدُلُوكِ الشَّمْسِ إِلَى غَسَقِ اللَّيْلِ وَقُرْآنَ الْفَجْرِ إِنَّ قُرْآنَ الْفَجْرِ كَانَ مَشْهُودًا﴾

"Establish prayer at the decline of the sun [from its meridian] until the darkness of the night and [also] the Qur'an of dawn. Indeed, the recitation of dawn is ever witnessed." (Al-Isra, Quran)

→ Establish prayer **from the decline of the sun until the darkness of the night, and the recitation of dawn** — the Quran outlines the times.

(2) Time management

A Muslim's day is organised around fixed, non-negotiable appointments — an education in punctuality and planning.

(3) Salah compared

Many religions have prayer; Islam's is distinctive in being **obligatory, fixed in time, bodily as well as verbal, and congregational**, and in joining the whole community to one Qiblah.

2.6 The spiritual impact of Salah

(1) Remembrance and connection with Allah

✦ QURAN

﴿إِنِّي أَنَا اللَّهُ لَا إِلَهَ إِلَّا أَنَا فَاعْبُدْنِي وَأَقِمِ الصَّلَاةَ لِذِكْرِي﴾

"Indeed, I am Allah. There is no deity except Me, so worship Me and establish prayer for My remembrance." (Taha, Quran)

→ 'Establish prayer **for My remembrance**' — five meetings a day with the Creator.

(2) Peace of heart and relief from anxiety

✦ QURAN

﴿إِنَّ الْإِنْسَانَ خُلِقَ هَلُوعًا ۖ إِذَا مَسَّهُ الشَّرُّ جَزُوعًا ۖ وَإِذَا مَسَّهُ الْخَيْرُ مَنُوعًا ۚ إِلَّا الْمُصَلِّينَ ۚ الَّذِينَ هُمْ عَلَى صَلَاتِهِمْ دَائِمُونَ﴾

"Indeed, mankind was created anxious. When evil touches him, impatient. And when good touches him, withholding [of it]. Except the observers of prayer. Those who are constant in their prayer." (Al-Ma'arij, Quran)

→ Man was created anxious — impatient in distress, stingy in plenty — **except those who pray**, who are constant in their prayer.

✦ HADITH

يَا بِلَالُ أَقِمِ الصَّلَاةَ، أَرْحَنَا بِهَا

"O Bilal, call the iqamah for prayer; give us rest through it." (Abu Dawud)

→ For the Prophet ﷺ, prayer was **rest**, not a burden.

(3) Purification from sins

✦ HADITH

أَرَأَيْتُمْ لَوْ أَنَّ نَهْرًا بِبَابِ أَحَدِكُمْ يَغْتَسِلُ فِيهِ كُلُّ يَوْمٍ خَمْسًا، هَلْ يَبْقَى مِنْ دَرَنِهِ شَيْءٌ؟ قَالُوا: لَا يَبْقَى مِنْ دَرَنِهِ شَيْءٌ. قَالَ: فَذَلِكَ مِثْلُ الصَّلَوَاتِ الْخَمْسِ، يَمْحُو اللَّهُ بِهِنَ الْخَطَايَا

"If there were a river at the door of one of you in which he bathed five times a day, would any dirt remain on him? They said: No dirt would remain. He said: That is the example of the five prayers; by them Allah wipes away sins." (Al-Bukhari and Muslim)

→ Salah is **daily purification** of the soul.

(4) Strength in hardship

✦ QURAN

﴿وَأَسْتَعِينُوا بِالصَّبْرِ وَالصَّلَاةِ وَإِنَّهَا لَكَبِيرَةٌ إِلَّا عَلَى الْخَاشِعِينَ﴾

“And seek help through patience and prayer, and indeed, it is difficult except for the humbly submissive [to Allah].” (Al-Baqarah, Quran)

→ 'Seek help **through patience and prayer**.'

(5) Khushu' — the inner life of prayer

✦ QURAN

﴿قَدْ أَفْلَحَ الْمُؤْمِنُونَ ﴿١﴾ الَّذِينَ هُمْ فِي صَلَاتِهِمْ خَاشِعُونَ﴾

“Certainly will the believers have succeeded. They who are during their prayer humbly submissive.” (Al-Mu'minun, Quran)

→ Successful are the believers **who are humble in their prayers**.

✦ SCHOLARLY VIEW

Imam Al-Ghazali · Ihya Ulum al-Din

Ghazali lists six inner meanings that give prayer its life: presence of heart, understanding of what is recited, reverence, awe, hope and a sense of shame before Allah. Without them, he warns, the prayer is a body without a soul.

→ The spiritual impact depends on **khushu'**, not on movements alone.

2.7 The moral impact of Salah

(1) Restraint from evil

✦ QURAN

﴿اتْلُ مَا أُوحِيَ إِلَيْكَ مِنَ الْكِتَابِ وَأَقِمِ الصَّلَاةَ إِنَّ الصَّلَاةَ تَنْهَى عَنِ الْفَحْشَاءِ وَالْمُنْكَرِ وَلَذِكْرُ اللَّهِ أَكْبَرُ ﴿١﴾ وَاللَّهُ يَعْلَمُ مَا تَصْنَعُونَ﴾

“Recite, [O Muhammad], what has been revealed to you of the Book and establish prayer. Indeed, prayer prohibits immorality and wrongdoing, and the remembrance of Allah is greater. And Allah knows that which you do.” (Al-Ankabut, Quran)

→ 'Indeed, **prayer restrains from indecency and wrongdoing**' — Salah is a moral training, not only a ritual.

(2) Discipline and punctuality

Five fixed times — from before sunrise to night — train a person to organise his day around duty.

(3) Cleanliness

Wudu before every prayer; clean body, clothes and place.

(4) Humility

Placing the forehead — the most honoured part of the body — on the ground before Allah breaks arrogance.

(5) Patience and steadfastness

✦ QURAN

﴿وَأَقِمِ الصَّلَاةَ طَرَفَيِ النَّهَارِ وَزُلْفًا مِّنَ اللَّيْلِ إِنَّ الْحَسَنَاتِ يُذْهِبْنَ السَّيِّئَاتِ ذَلِكَ ذِكْرٌ لِلذَّكِرِينَ﴾

“And establish prayer at the two ends of the day and at the approach of the night. Indeed, good deeds do away with misdeeds. That is a reminder for those who remember.” (Hud, Quran)

→ Establish prayer at the two ends of the day and in the hours of the night; **good deeds remove evil deeds.**

2.8 The social impact of Salah

(1) Brotherhood and equality

In the row of prayer, the ruler stands beside the labourer, the rich beside the poor — shoulder to shoulder, facing one Qiblah.

✦ SCHOLARLY VIEW

Allama Muhammad Iqbal · Bang-e-Dara

In his couplet 'Aik hi saf mein kharay ho gaye Mahmood-o-Ayaz, na koi banda raha aur na koi banda nawaz', Iqbal says that in one row of prayer Sultan Mahmud and his slave Ayaz stood side by side — no one remained a servant and no one a master.

→ The **social equality** of Salah in Pakistan's best-known couplet on the subject.

(2) Unity and discipline of the community

✦ HADITH

صَلَاةُ الْجَمَاعَةِ أَفْضَلُ مِنْ صَلَاةِ الْفَدِّ بِسَبْعٍ وَعِشْرِينَ دَرَجَةً

“Prayer in congregation is twenty-seven degrees better than prayer alone.” (Al-Bukhari and Muslim)

→ Islam **rewards togetherness.**

The congregation also trains obedience to leadership: the imam leads, the followers follow, and even the imam's mistake is corrected respectfully.

(3) The mosque as a community centre

The mosque of the Prophet ﷺ was a school, a court, a council hall, a guest-house and a welfare centre. Five daily meetings keep neighbours informed of each other's needs.

(4) Jumu'ah — the weekly assembly

The Friday khutbah is a weekly address on moral, social and national questions.

(5) Social order

A society of praying people is punctual, clean and disciplined; the adhan itself organises the day.

HOT DEBATE · 'WHY DO PEOPLE WHO PRAY STILL LIE AND CHEAT?'

The Quran itself answers: 'Woe to those who pray, **who are heedless of their prayer**, who make show' (Al-Ma'un). Prayer without khushu' and understanding becomes a habit of the body, not of the heart. The remedy is not less prayer but **better** prayer — understood, sincere and linked to conduct.

★ QURAN

﴿فَوَيْلٌ لِلْمُصَلِّينَ ۖ الَّذِينَ هُمْ عَنْ صَلَاتِهِمْ سَاهُونَ ۚ الَّذِينَ هُمْ يُرَآؤُونَ ۖ وَيَمْنَعُونَ الْمَاعُونَ﴾

"So woe to those who pray. [But] who are heedless of their prayer. Those who make show [of their deeds]. And withhold [simple] assistance." (Al-Ma'un, Quran)

→ Woe to those who pray **but are heedless of their prayer**, who make a show, and withhold small kindnesses — prayer without its spirit loses its moral power.

2.9 Jumu'ah — the weekly assembly of the Muslims

(1) Its status

Jumu'ah is **fard** on every adult, free, resident, healthy Muslim man; it replaces the Zuhr prayer and is preceded by the **khutbah**.

★ HADITH

خَيْرُ يَوْمٍ طَلَعَتْ عَلَيْهِ الشَّمْسُ يَوْمَ الْجُمُعَةِ، فِيهِ خُلِقَ آدَمُ، وَفِيهِ أُدْخِلَ الْجَنَّةَ، وَفِيهِ أُخْرِجَ مِنْهَا

"The best day on which the sun has risen is Friday: on it Adam was created, on it he was admitted into Paradise, and on it he was sent out of it." (Muslim)

→ Friday is the **weekly festival** of the Muslims.

★ HADITH

مَنْ تَرَكَ ثَلَاثَ جُمُعٍ تَهَاوَنًا بِهَا طَبَعَ اللَّهُ عَلَى قَلْبِهِ

"Whoever leaves three Friday prayers out of neglect, Allah seals his heart." (Abu Dawud and Al-Tirmidhi)

→ Jumu'ah is a **serious obligation**, not a weekly option.

(2) Its conditions in the Hanafi school

A town or large settlement (misr), the time of Zuhr, the khutbah before the prayer, a congregation, and open access for the public.

(3) Its social functions

(i) Weekly education

The khutbah is a regular address to the whole community on belief, morals and current affairs.

(ii) Unity and information

The whole locality meets once a week; news of the sick, the dead and the needy spreads.

(iii) A model of public speech

The khutbah is short, dignified and purposeful — the Prophet ﷺ kept his sermons brief and his prayers long.

2.10 The mosque — the institution built around Salah

(1) The Prophet's mosque was a complete institution

- **A school** — the **Suffah**, where poor Companions lived and studied.
- **A parliament** — consultation on war, peace and public affairs took place there.
- **A court** — disputes were judged in it.
- **A diplomatic hall** — delegations were received there, including the Christian delegation of Najran, who were allowed to pray in the mosque.
- **A welfare centre** — Zakat and charity were distributed from it.

(2) The lesson for today

A mosque used only for five short prayers loses most of its social power. Reviving its educational, welfare and conciliation roles would restore Salah's social impact.

2.11 The psychological and physical impact of Salah

(1) Psychological

Regular pauses for remembrance reduce stress; the prostration expresses surrender and brings calm; the congregation removes loneliness. Salah gives a daily structure — something modern psychology recognises as protective against anxiety and depression.

(2) Physical

Wudu five times a day is a hygiene routine; the movements of prayer are gentle, regular exercise for joints and muscles; rising for Fajr builds a healthy rhythm of sleep. The Muslim prays for Allah, not for health — but health is a by-product of obedience.

2.12 Salah in hardship — the ease of the law

(1) The traveller: Qasr

✦ QURAN

﴿وَإِذَا ضَرَبْتُمْ فِي الْأَرْضِ فَلَيْسَ عَلَيْكُمْ جُنَاحٌ أَنْ تَقْصُرُوا مِنَ الصَّلَاةِ...﴾

“And when you travel through the land, there is no blame upon you for shortening the prayer.” (An-Nisa, Quran)

→ When you travel through the land, **there is no blame upon you for shortening the prayer** — the four-rak'ah prayers become two for the traveller (in the Hanafi school, shortening is required, not merely allowed).

(2) The sick

One who cannot stand prays sitting; one who cannot sit prays lying down, with gestures. The prayer is never dropped while the mind is sound — and never made a burden beyond capacity.

(3) In war: Salat al-Khawf

✦ QURAN

﴿وَإِذَا كُنْتَ فِيهِمْ فَأَقَمْتَ لَهُمُ الصَّلَاةَ فَلْتَقُمْ طَائِفَةٌ مِنْهُمْ مَعَكَ...﴾

“And when you are among them and lead them in prayer, let a group of them stand [in prayer] with you.”

(An-Nisa, Quran)

→ The prayer of fear: the army prays **in turns**, one group standing guard while the other prays — Salah continues even on the battlefield.

(4) The lesson

The combination of **firm obligation and flexible form** shows the balance of Islam: nothing excuses a sane adult from prayer, and nothing in prayer is made harder than the person can bear.

2.13 Salah in Pakistani public life

Most offices, schools and universities in Pakistan provide prayer rooms and allow a break for Zuhr and Jumu'ah. The principle is sound: worship should be **facilitated**, never forced, and never used as an excuse for neglecting work. A civil servant who prays on time **and** serves the public on time shows that Salah and duty belong together.

Chapter 3 · Zakat: The System, Its Recipients and Its Impact

The examiner's favourite worship: asked in 2015, 2017 and 2018. This chapter gives the system; Chapter 4 gives its economic power.

3.1 The meaning of Zakat

(1) Literal meaning

Zakat (زَكَاةٌ) has two meanings: **purification** (*tazkiyah*) and **growth** (*nama'*). Zakat purifies the giver's wealth and heart, and makes both the wealth and the society grow.

(2) Technical meaning

Zakat is a **fixed share of specified wealth, which reaches the nisab and is owned for a full year, given to specified recipients for the pleasure of Allah.**

✦ QURAN

﴿خُذْ مِنْ أَمْوَالِهِمْ صَدَقَةً تُطَهِّرُهُمْ وَتُزَكِّيهِمْ بِهَا...﴾

"Take from their wealth a charity by which you purify them and cause them to grow." (At-Tawbah, Quran)

→ 'Take from their wealth a charity **by which you purify them and cause them to grow**' — both meanings of Zakat in one command.

3.2 The status of Zakat

(1) The third pillar of Islam

Zakat is joined with Salah throughout the Quran — 'establish prayer and give Zakat' — about thirty times the two appear together.

✦ QURAN

﴿وَأَقِيمُوا الصَّلَاةَ وَآتُوا الزَّكَاةَ وَارْكَعُوا مَعَ الرَّاكِعِينَ﴾

"And establish prayer and give zakah and bow with those who bow [in worship and obedience]." (Al-Baqarah, Quran)

→ 'Establish prayer and give Zakat, and bow with those who bow.'

(2) Obligatory in 2 AH, organised by the state

Zakat was made obligatory in Madinah; the Prophet ﷺ appointed collectors ('amilin) and a treasury — Zakat is a **state institution**, not only private charity.

(3) Defended by the first Caliph

✦ HADITH

وَاللّٰهُ لَأُقَاتِلَنَّ مَنْ فَرَّقَ بَيْنَ الصَّلَاةِ وَالزَّكَاةِ

“By Allah, I will fight whoever separates prayer from Zakat.” (Al-Bukhari and Muslim)

→ Hazrat Abu Bakr (RA) treated refusal of Zakat as rebellion against the Islamic order — Zakat is **the right of society**.

(4) The warning to those who withhold it

✦ QURAN

﴿... وَالَّذِينَ يَكْنِزُونَ الذَّهَبَ وَالْفِضَّةَ وَلَا يَنْفِقُونَهَا فِي سَبِيلِ اللَّهِ فَبَشِّرْهُمْ بِعَذَابٍ أَلِيمٍ ...﴾

“And those who hoard gold and silver and do not spend it in the way of Allah — give them tidings of a painful punishment.” (At-Tawbah, Quran)

→ Those who **hoard gold and silver** and do not spend it in the way of Allah — give them news of a painful punishment.

✦ HADITH

مَنْ آتَاهُ اللَّهُ مَالًا فَلَمْ يُؤَدِّ زَكَاتَهُ مِثْلَ لَهُ مَالُهُ يَوْمَ الْقِيَامَةِ شُجَاعًا أَقْرَعَ

“Whoever is given wealth by Allah and does not pay its Zakat, his wealth will be made into a bald serpent for him on the Day of Resurrection.” (Al-Bukhari)

→ Hoarded wealth becomes **punishment**.

3.3 The rules of Zakat (Hanafi)

(1) Who must pay

A sane, adult, free Muslim who owns wealth equal to the **nisab**, free of debt, for **one full lunar year** (hawl).

(2) The nisab

- **Gold:** 7.5 tola (about 87.48 grams).
- **Silver:** 52.5 tola (about 612.36 grams).
- **Cash, savings and trade goods:** the value of the silver nisab. The Hanafis prefer the silver standard for cash because it is lower — it brings more givers in and **benefits the poor**.

(3) The rate

- **2.5%** (one-fortieth) on cash, gold, silver, savings and trade goods.
- **Ushr** on agricultural produce: **one-tenth** of rain-watered crops, **one-twentieth** of crops watered by artificial irrigation.
- **Livestock:** fixed scales for camels, cattle, sheep and goats.

(4) What is exempt

One's house, personal car, clothes, household goods and tools of trade — wealth in **use**, not **idle** wealth.

(5) Tamlik — transfer of ownership

In the Hanafi school, Zakat must be **given into the ownership** of a deserving person. It cannot be spent directly on building a mosque, a road or a hospital; those are funded by Sadaqah and the state.

(6) Who may not receive Zakat

The rich; one's own parents and grandparents, children and grandchildren, and spouse (because their maintenance is already one's duty). In the Hanafi school, Zakat is given to Muslims; non-Muslims may be helped from voluntary Sadaqah.

REMEMBER · ZAKAT IN SIX NUMBERS

2.5% rate · **nisab**: 7.5 tola gold / 52.5 tola silver · **one lunar year** · **8 heads** (At-Tawbah) · Ushr **10%** / **5%** · made obligatory in **2 AH**.

3.4 The recipients of Zakat — the eight heads

✦ QURAN

﴿إِنَّمَا الصَّدَقَتُ لِلْفُقَرَاءِ وَالْمَسْكِينِ وَالْعَمِلِينَ عَلَيْهَا وَالْمُؤَلَّفَةِ قُلُوبُهُمْ وَفِي الرِّقَابِ وَالْغُرَمِينَ وَفِي سَبِيلِ اللَّهِ وَآبَنِ السَّبِيلِ فَرِيضَةً مِّنَ اللَّهِ وَاللَّهُ عَلِيمٌ حَكِيمٌ﴾

“Zakah expenditures are only for the poor and for the needy and for those employed to collect [zakah] and for bringing hearts together [for Islam] and for freeing captives [or slaves] and for those in debt and for the cause of Allah and for the [stranded] traveler - an obligation [imposed] by Allah. And Allah is Knowing and Wise.” (At-Tawbah, Quran)

→ Zakat is only for **the poor, the needy, those employed to collect it, those whose hearts are to be reconciled, freeing captives, debtors, in the cause of Allah, and the traveller** — an obligation from Allah.

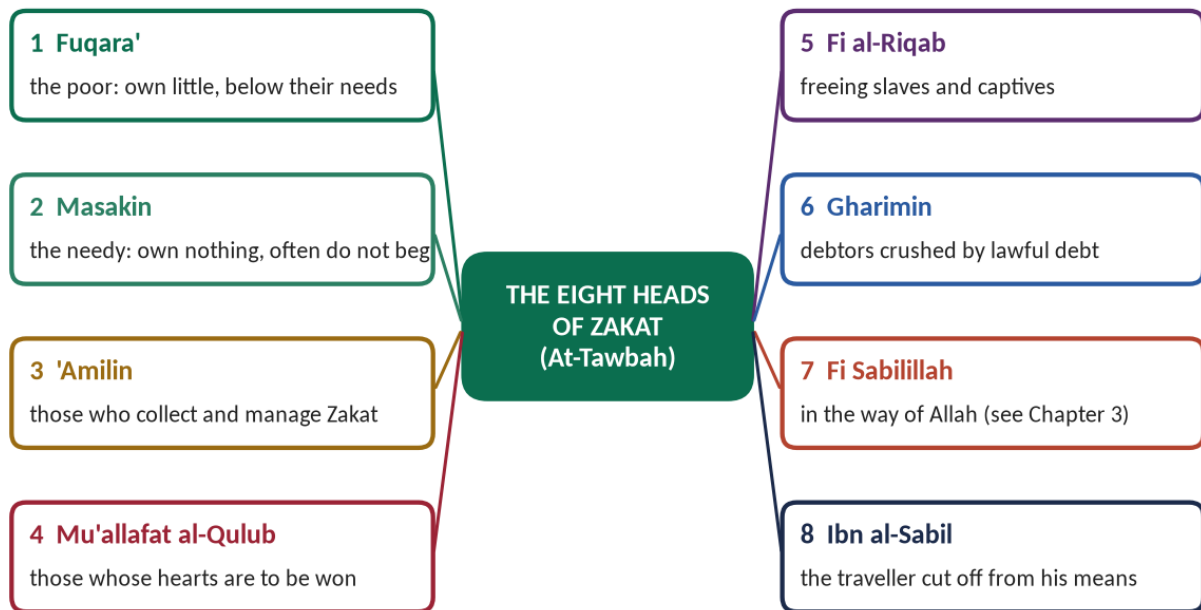

Figure 5 · The eight heads of Zakat named in Surah At-Tawbah.

(1) Al-Fuqara' — the poor

Those who own something but less than their needs (below the nisab).

(2) Al-Masakin — the needy

Those in greater need, who own nothing; many do not beg out of self-respect. The Hanafis regard the miskin as poorer than the faqir.

(3) Al-'Amin 'alayha — the Zakat staff

Collectors, accountants and distributors; paid from Zakat even if they are not poor — which makes Zakat an **organised institution**.

(4) Al-Mu'allafat al-Qulub — those whose hearts are to be won

New Muslims, or influential people whose support benefits the community. Hazrat Umar (RA) stopped this share when Islam had become strong; the Hanafis regard it as lapsed, while other schools keep it available in case of need.

(5) Fi al-Riqab — freeing the enslaved

Buying the freedom of slaves and captives. Some modern scholars apply its spirit to freeing prisoners of war and victims of bonded labour.

(6) Al-Gharimin — debtors

Those crushed by lawful debts they cannot pay — a direct weapon against the debt trap.

(7) Fi Sabilillah — in the way of Allah

The classical jurists and commentators understood it mainly as **those striving in Jihad** who lack means; some extended it to pilgrims and students of religious knowledge. (The 2026 MCQ took the classical meaning: Jihad.)

(8) Ibn al-Sabil — the traveller

A traveller cut off from his money, even if rich at home.

3.5 Zakat and tax — not the same

Point	Zakat	Tax
Nature	An act of worship and a pillar of faith	A civil obligation to the state
Source of law	Fixed by Allah; unchangeable	Fixed by governments; changes yearly
Rate	Fixed (2.5%, 10%, 5%)	Variable
Base	Idle wealth above nisab	Income, sales, property
Recipients	Only the eight heads	Any public expenditure
Motive	Pleasure of Allah and purification	Legal compulsion
Evasion	A sin before Allah as well as a crime	A crime

3.6 The spiritual, moral and social impact of Zakat (CSS 2018)

(1) Spiritual impact

(i) Purification of the soul from greed

✦ QURAN

﴿الَّذِي يُؤْتِي مَالَهُ يَتَزَكَّى﴾

“[He] who gives [from] his wealth to purify himself.” (Al-Layl, Quran)

→ The righteous one **gives his wealth to purify himself**.

(ii) Gratitude and recognition that wealth belongs to Allah

The owner is a trustee; Zakat is the acknowledgement that the wealth was given to him.

(iii) Blessing (barakah) in wealth

✦ HADITH

مَا نَقَصَتْ صَدَقَةٌ مِنْ مَالٍ

“Charity never decreases wealth.” (Muslim)

→ What is given with sincerity **grows** — in barakah and in reward.

✦ QURAN

﴿مَثَلُ الَّذِينَ يُنْفِقُونَ أَمْوَالَهُمْ فِي سَبِيلِ اللَّهِ كَمَثَلِ حَبَّةٍ أَنْبَتَتْ سَبْعَ سَنَابِلَ فِي كُلِّ سُنبُلَةٍ مِائَةُ حَبَّةٍ وَاللَّهُ يُضَاعِفُ لِمَنْ يَشَاءُ وَاللَّهُ وَاسِعٌ عَلِيمٌ﴾

“The example of those who spend their wealth in the way of Allah is like a seed [of grain] which grows seven spikes; in each spike is a hundred grains. And Allah multiplies [His reward] for whom He wills. And Allah is all-Encompassing and Knowing.” (Al-Baqarah, Quran)

→ The example of those who spend in the way of Allah is like **a grain that grows seven ears, in each ear a hundred grains.**

(2) Moral impact

(i) Cure of greed, miserliness and love of the world

✦ QURAN

﴿لَنْ تَنَالُوا الْبِرَّ حَتَّى تُنْفِقُوا مِمَّا تُحِبُّونَ وَمَا تُنْفِقُوا مِنْ شَيْءٍ فَإِنَّ اللَّهَ بِهِ عَلِيمٌ﴾

“Never will you attain the good [reward] until you spend [in the way of Allah] from that which you love. And whatever you spend - indeed, Allah is Knowing of it.” (Aal-e-Imran, Quran)

→ You will never attain righteousness **until you spend from that which you love.**

(ii) Generosity and empathy

The giver learns to feel the need of others.

(iii) Self-respect for the receiver

Zakat is the poor man's **right** (haqq), not a favour; he receives it with dignity.

✦ QURAN

﴿وَفِي أَمْوَالِهِمْ حَقٌّ لِّلسَّائِلِ وَالْمَحْرُومِ﴾

“And from their properties was [given] the right of the [needy] petitioner and the deprived.” (Adh-Dhariyat, Quran)

→ In their wealth was **a right for the one who asks and the one who is deprived.**

(iv) Freedom from envy

When the rich share, the poor do not envy; hatred between classes is reduced.

(3) Social impact

(i) A social safety net

✦ HADITH

تُؤْخَذُ مِنْ أَغْنِيَائِهِمْ فَتُرَدُّ عَلَى فُقَرَائِهِمْ

“It is taken from their rich and returned to their poor.” (Al-Bukhari and Muslim)

→ Zakat is a **built-in welfare system** within every community.

(ii) Brotherhood and social harmony

✦ HADITH

لَيْسَ الْمُؤْمِنُ الَّذِي يَشْبَعُ وَجَارُهُ جَائِعٌ إِلَى جَنْبِهِ

“He is not a believer who eats his fill while his neighbour beside him is hungry.” (Al-Bayhaqi)

→ Faith itself is tied to **the neighbour's hunger**.

(iii) Reduction of crime

Much theft, begging and crime is born of poverty; Zakat removes its root.

(iv) Dignity through self-reliance

Zakat can give a tool, a cart or a small shop, turning a receiver into a future giver.

✦ HADITH

الْيَدُ الْعُلْيَا خَيْرٌ مِنَ الْيَدِ السُّفْلَى

“The upper hand (that gives) is better than the lower hand (that takes).” (Al-Bukhari and Muslim)

→ The aim of Zakat is to **make givers out of receivers**.

3.7 The other financial duties of a Muslim

Duty	Status	What it is
Sadaqah (nafilah)	Voluntary	Any charity, at any time, to anyone — including non-Muslims
Sadaqat al-Fitr	Wajib (Hanafi)	Paid before the Eid prayer for every member of the household
Ushr	Fard	Zakat on agricultural produce: 10% / 5%
Qurbani	Wajib on the owner of nisab (Hanafi)	Sacrifice on Eid al-Adha; meat shared with the poor
Kaffarah / Fidyah	Fard when due	Expiation — often feeding the poor
Waqf	Voluntary	A permanent endowment: its income serves a public purpose
Qard Hasan	Voluntary	An interest-free loan
Nafaqah	Fard	Maintenance of family members

✦ QURAN

﴿مَنْ ذَا الَّذِي يُقْرِضُ اللَّهَ قَرْضًا حَسَنًا فَيُضْعِفَهُ لَهُ أَضْعَافًا كَثِيرَةً وَاللَّهُ يَقْبِضُ وَيَبْصُطُ وَإِلَيْهِ تُرْجَعُونَ﴾

“Who is it that would loan Allah a goodly loan so He may multiply it for him many times over? And it is Allah who withholds and grants abundance, and to Him you will be returned.” (Al-Baqarah, Quran)

→ Who is it that would **loan Allah a goodly loan** (qardan hasanan), so He may multiply it for him many times over? — the root of interest-free lending.

3.8 Zakat in history

(1) The Prophet ﷺ

Appointed collectors to the tribes, instructed them to take from the middle of the wealth ('beware of taking their best property'), and distributed Zakat locally first.

♦ HADITH

فَإِيَّاكَ وَكَرَائِمَ أَمْوَالِهِمْ، وَاتَّقِ دَعْوَةَ الْمَظْلُومِ، فَإِنَّهُ لَيْسَ بَيْنَهَا وَبَيْنَ اللَّهِ حِجَابٌ

"Avoid taking the best of their wealth, and fear the supplication of the oppressed, for there is no barrier between it and Allah." (Al-Bukhari and Muslim)

→ Said to Mu'adh (RA): Zakat collection must be **just to the payer** too.

(2) The Rightly-Guided Caliphs

Abu Bakr (RA) defended Zakat as a pillar; **Umar (RA)** organised the **Bait-ul-Mal** and the registers (diwan), gave stipends to the needy — including, according to reports, to needy non-Muslim citizens from public funds — and stopped the share of the mu'allafat al-qulub.

(3) Umar ibn Abd al-Aziz

His honest administration made Zakat so effective that officials in some provinces found no one to accept it.

3.9 Calculating Zakat — a worked example

Suppose that on her Zakat date a woman owns the following (all figures are illustrations, not current prices):

Item	Amount (Rs)	Zakatable?
Cash at home and in the bank	300,000	Yes
Gold jewellery (market value)	900,000	Yes (Hanafi: jewellery is zakatable)
Stock of her small shop (market value)	400,000	Yes (trade goods)
Her house and car	—	No (in personal use)
Less: a debt due within the year	(100,000)	Deducted
Net zakatable wealth	1,500,000	Above the nisab
Zakat due (2.5%)	37,500	

The rule to remember: **(zakatable assets – immediate debts) × 2.5%**, provided the net amount is above the nisab and has been held for a lunar year.

3.10 Common mistakes in paying Zakat

1. **Paying on the wrong date** — Zakat is due on the anniversary of reaching the nisab, not automatically in Ramadan (Ramadan is a good time, but the date is the owner's hawl).
2. **Ignoring jewellery and business stock** — in the Hanafi school both are zakatable.

3. **Giving to ineligible relatives** — parents, children and spouse cannot receive one's Zakat.
4. **Spending Zakat on buildings** — without tamlik (transfer of ownership) it is not Zakat in the Hanafi school.
5. **Giving Zakat with humiliation or publicity** — 'do not invalidate your charities with reminders or injury' (Al-Baqarah).
6. **Treating it as a favour** — it is the right of the poor (Adh-Dhariyat).

3.11 Zakat in Pakistan

(1) The state system

- The **Zakat and Ushr Ordinance, 1980** introduced state collection: Zakat is deducted at source on the first of Ramadan from savings accounts and certain financial assets above the nisab announced each year.
- A person may file a **declaration** to be exempt from compulsory deduction and pay directly.
- Zakat committees at local level distribute it; after the **18th Amendment (2010)** the subject was devolved to the provinces.

(2) The trust deficit

Many Pakistanis prefer to pay Zakat privately — to relatives, seminaries, hospitals and welfare trusts — because of doubts about the transparency of state distribution. Surveys of philanthropy in Pakistan show that ordinary citizens give generously, much of it as Zakat given directly.

(3) Related institutions

Pakistan Bait-ul-Mal (1991) supports the poor from state funds; the **Benazir Income Support Programme** (2008) is a cash-transfer programme; large private trusts (hospitals, schools, microfinance) use Zakat and Sadaqah.

PAKISTAN ANGLE · ARTICLE 31

The Constitution asks the state to secure the **proper organisation of Zakat, Ushr, Auqaf and mosques** (Article 31(2)(c)). Zakat is thus a constitutional as well as a religious institution.

Chapter 4 · Zakat, Poverty and Economic Stability

This chapter answers the economic limbs of 2015 ('prove that economic stability ... can be ensured through its effective implementation') and 2017 ('how can poverty be alleviated with its distribution').

4.1 The problem: poverty and concentration of wealth

(1) The global picture

A small share of the world's population owns most of its wealth, while hundreds of millions live in extreme poverty.

(2) Pakistan

World Bank estimates for 2024 placed **about two-fifths of Pakistanis** below the lower-middle-income poverty line; inflation, unemployment and debt have deepened the problem.

✦ QURAN

﴿... كَيْ لَا يَكُونَ دُولَةً بَيْنَ الْأَغْنِيَاءِ مِنْكُمْ...﴾

"... so that it does not circulate only among the rich among you." (Al-Hashr, Quran)

→ 'So that it does not circulate **only among the rich** among you' — the Quran names the disease: wealth concentrated in few hands.

4.2 How Zakat alleviates poverty

(1) Direct transfer to the poorest

Zakat goes by law to the poor and needy first — no leakage to other purposes.

(2) Debt relief

The share of the **gharimin** frees families from crushing debt and interest traps.

(3) Productive rehabilitation

Zakat can be given as capital for self-employment: a rickshaw, a sewing machine, livestock, a shop — so that the poor family leaves the Zakat list.

✦ SCHOLARLY VIEW

Hazrat Umar Farooq (RA) · the second Caliph

Hazrat Umar is reported to have instructed his officials: when you give, **give enough to make them free of need** — so that Zakat lifts a family out of poverty instead of keeping it on charity.

→ Zakat is meant to **end dependence**, not to manage it.

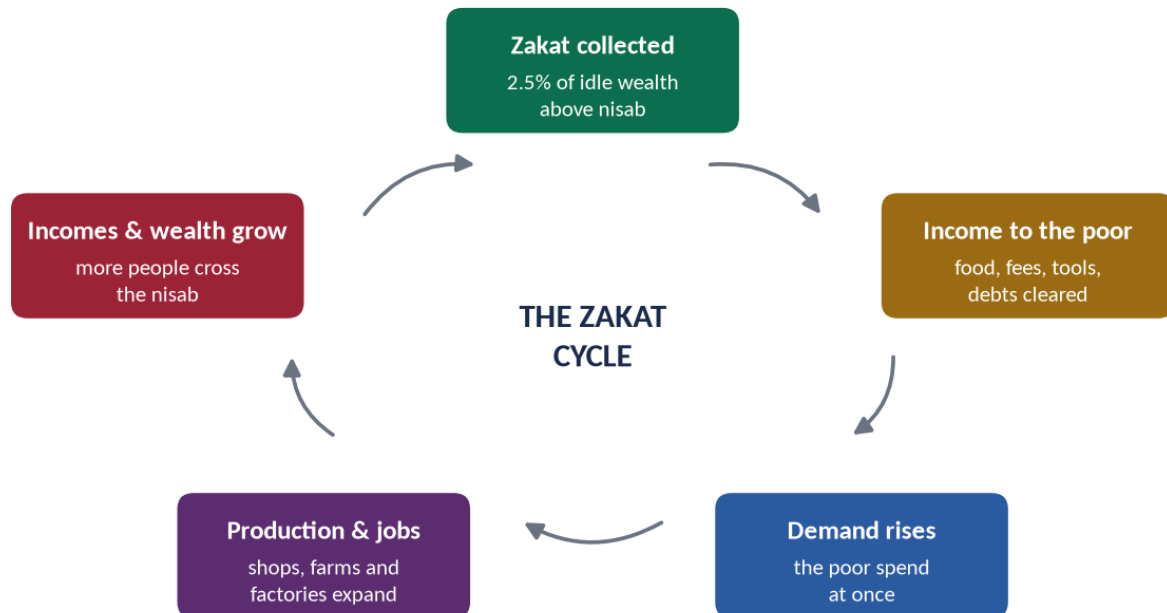

(4) Education and health

Zakat for the fees of poor students and the treatment of poor patients builds the human capital that ends poverty in the next generation.

(5) The historical proof

Historians report that in the time of **Umar ibn Abd al-Aziz** (717–720 CE) Zakat officials in some provinces could find no one poor enough to accept Zakat — an effectively organised Zakat had changed society in a few years.

4.3 How Zakat ensures economic stability (CSS 2015)

'So that wealth does not circulate only among the rich among you' (Al-Hashr) — Zakat keeps money moving.

Figure 6 · The Zakat cycle: how Zakat turns idle wealth into demand, jobs and growth.

(1) It fights hoarding

Zakat is charged on **idle** wealth; money kept unused loses 2.5% a year, so owners are pushed to **invest** it in trade and production.

(2) It raises demand

The poor spend their income at once on food, clothes and needs. This demand keeps shops, farms and factories running — a built-in stimulus.

(3) It creates employment

Rising demand and new investment create jobs, reducing unemployment — the main cause of poverty.

(4) It reduces inequality

A steady annual transfer from rich to poor narrows the gap between classes and prevents the explosive inequality that leads to crises and unrest.

(5) It works with the ban on riba

Zakat penalises idle money; the prohibition of riba closes the route of earning without risk. Together they push wealth towards real, productive investment (see T9).

✦ QURAN

﴿يَمْحَقُ اللَّهُ الرِّبَا وَيُزِيلُ الصَّدَقَاتِ وَاللَّهُ لَا يُحِبُّ كُلَّ كَفَّارٍ أَثِيمٍ﴾

"Allah destroys interest and gives increase for charities. And Allah does not like every sinning disbeliever."

(Al-Baqarah, Quran)

→ 'Allah destroys riba and gives increase for charities' — the economic law of the Quran.

✦ QURAN

﴿وَمَا آتَيْتُم مِّن رِّبَا لِّيَرْبُوَ فِي أَمْوَالِ النَّاسِ فَلَا يَرْبُوا عِنْدَ اللَّهِ وَمَا آتَيْتُم مِّن زَكَاةٍ تُرِيدُونَ وَجْهَ اللَّهِ فَأُولَٰئِكَ هُمُ الْمُضْعِفُونَ﴾

"And whatever you give for interest to increase within the wealth of people will not increase with Allah. But what you give in zakah, desiring the countenance of Allah - those are the multipliers." (Ar-Rum, Quran)

→ Riba given to increase wealth **does not increase with Allah**; but Zakat given seeking His face — those are the ones who multiply.

(6) It stabilises society, and so the economy

Poverty and extreme inequality lead to crime, unrest and political instability, which destroy investment. Zakat builds social peace — the precondition of economic stability.

✦ SCHOLARLY VIEW

M. Umer Chapra · Islam and the Economic Challenge (FPSC reading list)

Chapra argues that Islam's economic system aims at need-fulfilment, full employment and an equitable distribution of income and wealth, and that institutions such as Zakat, together with the prohibition of interest, are the means to reach these goals within a market economy.

→ The leading Islamic economist on the **reading list** supports the Zakat-and-stability argument.

4.4 Making Zakat effective — a plan for Pakistan

(1) Transparency and trust

A digital, auditable Zakat system: every rupee collected and distributed published online; independent audits.

(2) Accurate targeting

Use the national socio-economic registry (the database used by social-protection programmes) to identify deserving families.

(3) From consumption to production

Earmark a share for **productive Zakat**: small business grants, skills training, interest-free loans (Qard Hasan) on the model of successful Pakistani microfinance trusts.

(4) Coordination

Coordinate state Zakat, private trusts and mosques to avoid duplication and reach the neglected.

(5) Scope and collection

Extend assessment to all zakatable wealth, not only bank deposits; encourage voluntary self-assessment with clear guidance from scholars.

(6) Integrity of officials

Honest, trained 'amilin — the Quran's own third head — with accountability for misuse.

EXAMINER'S EYE · 'PROVE THAT ...'

2015 asked the candidate to **prove** that Zakat ensures stability. A proof needs **mechanisms** (hoarding → investment → demand → jobs → stability), **history** (Umar ibn Abd al-Aziz) and **conditions** (effective implementation). Draw the Zakat cycle.

4.5 Zakat and the modern welfare state

Point	Zakat	Modern social security
Source	Divine command; worship	Legislation; taxation
Motive	Faith and brotherhood	Legal right and political choice
Stability	Rates and recipients fixed	Changes with governments and budgets
Coverage	The eight heads	Varies by country
Spirit	Gives dignity: the poor's right	Often bureaucratic; stigma in some systems

Islam anticipated the welfare state by thirteen centuries — but its system rests on **faith** as well as law, which makes it harder to abolish and easier to trust when honestly run.

4.6 Objections answered

(1) 'Two and a half per cent is too little to end poverty'

Zakat is levied on **wealth**, not income, every year; it is joined by Ushr, Sadaqat al-Fitr, Qurbani, voluntary Sadaqah, Waqf and the state's general revenue. It is the **floor** of Islamic welfare, not its ceiling.

(2) 'Charity creates dependency'

Islam's goal is self-reliance: 'the upper hand is better' (Al-Bukhari and Muslim); Umar's rule 'give enough to make them free of need'; productive Zakat and Qard Hasan.

(3) 'Zakat is a private matter, not the state's business'

The Prophet ﷺ appointed collectors; the Caliphs ran the Bait-ul-Mal; the Quran names '**amilin** as a head of Zakat — collection by an organised authority is part of the system.

4.7 Zakat within the Islamic economic system

Zakat does not work alone. It is one of several institutions that together keep wealth moving and fair (T9):

Institution	Its role in distribution
Zakat and Ushr	Annual transfer from idle wealth and produce to the eight heads

Institution	Its role in distribution
Prohibition of riba	Stops earning without risk; pushes capital into real trade and production
Law of inheritance	Divides every estate among many heirs, preventing the permanent concentration of wealth
Prohibition of hoarding (ihtikar)	Prevents artificial scarcity and profiteering
Waqf	Permanent endowments for schools, hospitals, wells and the poor
Sadaqah and Qard Hasan	Voluntary welfare and interest-free credit
Bait-ul-Mal	The public treasury that organises collection and welfare

4.8 Zakat institutions in the Muslim world today

- **Malaysia:** state Zakat centres (such as Selangor's) run professional, largely digital collection and distribution, including education grants and small-business capital.
- **Saudi Arabia:** Zakat on businesses is collected by a national authority (ZATCA).
- **Sudan:** a national Zakat Chamber collects and distributes Zakat.
- **Pakistan:** state Zakat under the 1980 law and its provincial successors, alongside large private giving.

The lesson: Zakat works best where it is **professional, transparent and trusted**.

4.9 Case study: Madinah — the first welfare society

(1) Mu'akhat — the brotherhood

On arriving in Madinah, the Prophet ﷺ paired each Emigrant (Muhajir) with a Helper (Ansari), who shared his home, land and trade — the first act of social security in the Islamic state.

✦ QURAN

﴿... وَيُؤْتُونَ عَلَىٰ أَنْفُسِهِمْ وَلَوْ كَانَ بِهِمْ خَصَاصَةٌ...﴾

"And they give [the Emigrants] preference over themselves, even though they are in need." (Al-Hashr, Quran)

→ The Ansar **give them preference over themselves, even though they are in need** — the spirit of sharing that preceded the law of Zakat.

(2) The Suffah

The poor and homeless Companions lived and studied in the Prophet's mosque, fed by the community — shelter and education together.

(3) Zakat and the Bait-ul-Mal

From 2 AH, organised Zakat; later, the Bait-ul-Mal of the Caliphs, with registers of the needy and stipends for widows, orphans and the old.

(4) The lesson

Islam built the welfare society **from brotherhood upward**: first the spirit (Mu'akhat), then the institution (Zakat, Bait-ul-Mal). Institutions without brotherhood become bureaucracy; brotherhood without institutions cannot last.

Chapter 5 · Sawm: Fasting and Its Impact

Never asked in 2015–2026 — the most overdue worship in the paper.

5.1 The meaning of Sawm

(1) Literal meaning

Sawm (صَوْم) means **to abstain** — to hold back from something.

(2) Technical meaning

Sawm is **abstaining from food, drink and sexual relations from true dawn (subh sadiq) to sunset, with the intention of worship.**

5.2 The obligation and purpose of fasting

(1) Obligation

Fasting in Ramadan was made obligatory in 2 AH.

✦ QURAN

﴿يَا أَيُّهَا الَّذِينَ ءَامَنُوا كُتِبَ عَلَيْكُمُ الصِّيَامُ كَمَا كُتِبَ عَلَى الَّذِينَ مِن قَبْلِكُمْ لَعَلَّكُمْ تَتَّقُونَ﴾

“O you who have believed, decreed upon you is fasting as it was decreed upon those before you that you may become righteous.” (Al-Baqarah, Quran)

→ Fasting is prescribed for you as it was prescribed for those before you, **that you may attain taqwa** — the purpose of fasting in the Quran's own words.

(2) Ramadan — the month of the Quran

✦ QURAN

﴿شَهْرُ رَمَضَانَ الَّذِي أُنْزِلَ فِيهِ الْقُرْءَانُ هُدًى لِّلنَّاسِ وَبَيِّنَاتٍ مِّنَ الْهُدَىٰ وَالْفُرْقَانِ ...﴾

“The month of Ramadan in which the Quran was revealed, a guidance for mankind and clear proofs of guidance and criterion.” (Al-Baqarah, Quran)

→ Fasting is the **celebration of revelation.**

✦ QURAN

﴿لَيْلَةُ الْقَدْرِ خَيْرٌ مِّنْ أَلْفِ شَهْرٍ﴾

“The Night of Decree is better than a thousand months.” (Al-Qadr, Quran)

→ Laylat al-Qadr is better than a thousand months.

(3) The special reward

✦ HADITH

مَنْ صَامَ رَمَضَانَ إِيمَانًا وَاحْتِسَابًا غُفِرَ لَهُ مَا تَقَدَّمَ مِنْ ذَنْبِهِ

“Whoever fasts Ramadan with faith and seeking reward will have his past sins forgiven.” (Al-Bukhari and Muslim)

→ Fasting with faith is a **complete renewal**.

✦ HADITH

كُلُّ عَمَلٍ ابْنِ آدَمَ لَهُ إِلَّا الصِّيَامَ، فَإِنَّهُ لِي وَأَنَا أَجْزِي بِهِ

“Every deed of the son of Adam is for him except fasting; it is for Me, and I shall reward it.” (Al-Bukhari and Muslim)

→ Fasting is a **secret worship** between the servant and Allah — the purest test of sincerity.

5.3 The kinds of fasts

- **Fard:** Ramadan; making up missed Ramadan fasts (qada); fasts of expiation (kaffarah).
- **Wajib:** fasts vowed (nadhr).
- **Sunnah / nafl:** six days of Shawwal; the day of Arafah; Ashura (9th–10th Muharram); Mondays and Thursdays; the 13th, 14th and 15th of each lunar month.
- **Forbidden:** the two Eid days and the days of Tashriq.

5.4 Exemptions — the ease of Islam

✦ QURAN

﴿...فَمَنْ كَانَ مِنْكُمْ مَّرِيضًا أَوْ عَلَى سَفَرٍ فَعِدَّةٌ مِّنْ أَيَّامٍ أُخَرَ وَعَلَى الَّذِينَ يُطِيقُونَهُ فِدْيَةٌ طَعَامُ مِسْكِينٍ﴾

﴿...﴾

“Whoever among you is ill or on a journey — then an equal number of other days; and upon those who can fast only with hardship, a ransom: feeding a poor person.” (Al-Baqarah, Quran)

→ The sick and the traveller make up the days later; for those who can fast only with great hardship there is a **fidyah** — feeding a poor person.

The sick, travellers, pregnant and nursing women, the very old and the chronically ill are excused; menstruating women do not fast and make up the days. This is Islam's principle: 'Allah intends ease for you' (Al-Baqarah).

5.5 The spiritual, moral, social and physical impact of Sawm

(1) Spiritual impact

(i) Taqwa — the inner guard

A fasting person, alone with food and water, does not touch them because Allah sees. That is taqwa in practice.

(ii) Sincerity

No one can see a fast; it trains worship for Allah alone.

(iii) Closeness to the Quran

Tarawih, recitation and I'tikaf make Ramadan a month of the Quran.

(2) Moral impact**(i) Self-control**

✦ HADITH

الصَّيَامُ جُنَّةٌ، فَإِذَا كَانَ يَوْمُ صَوْمٍ أَحَدِكُمْ فَلَا يَرْفُثْ وَلَا يَصْنَبْ

"Fasting is a shield; so when one of you is fasting, let him not speak obscenely nor raise his voice." (Al-Bukhari and Muslim)

→ Fasting is a **shield** against anger and indecency.

(ii) Truthfulness

✦ HADITH

مَنْ لَمْ يَدَعْ قَوْلَ الزُّورِ وَالْعَمَلَ بِهِ فَلَيْسَ لِلَّهِ حَاجَةٌ فِي أَنْ يَدَعَ طَعَامَهُ وَشَرَابَهُ

"Whoever does not give up false speech and acting upon it, Allah has no need of his giving up his food and drink." (Al-Bukhari)

→ A fast that does not change **behaviour** is only hunger.

(iii) Patience and willpower

A month of voluntary restraint builds the discipline to give up bad habits.

(3) Social impact**(i) Empathy with the hungry**

The rich feel, for a month, what the poor feel every day.

(ii) Charity and Sadaqat al-Fitr

✦ HADITH

فَرَضَ رَسُولُ اللَّهِ ﷺ زَكَاةَ الْفِطْرِ طُهْرَةً لِلصَّائِمِ مِنَ اللَّغْوِ وَالرَّفَثِ، وَطُعْمَةً لِلْمَسَاكِينِ

"The Messenger of Allah ﷺ made Zakat al-Fitr obligatory as a purification for the fasting person from idle talk and obscenity, and as food for the poor." (Abu Dawud)

→ Ramadan ends with **every poor family able to celebrate Eid**.

(iii) Family and community bonds

Sehri and iftar gather families; iftar for others spreads brotherhood; the Eid prayer unites the community.

(iv) Unity of the Ummah

Muslims across the world fast in the same month, and the same hunger unites them.

(4) Physical impact

Modern research on intermittent fasting reports benefits for metabolism, weight and blood sugar. The Muslim fasts for Allah, not for health — but health follows obedience.

5.6 Laylat al-Qadr, I'tikaf and Eid al-Fitr

(1) Laylat al-Qadr

The Night of Decree, in the last ten nights of Ramadan, in which the Quran was sent down; worship in it is better than in a thousand months (Al-Qadr).

(2) I'tikaf

Seclusion in the mosque in the last ten days — a short 'retreat' of prayer, recitation and reflection, a Sunnah of the Prophet ﷺ.

(3) Eid al-Fitr

A day of gratitude, charity and family; Sadaqat al-Fitr ensures that the poor also celebrate.

5.7 What breaks the fast, and modern questions (Hanafi)

- **Breaks the fast:** deliberate eating, drinking or marital relations; deliberate vomiting of a mouthful.
- **Does not break it:** forgetful eating or drinking; eye drops; non-nutritive injections (the view of many contemporary Hanafi scholars); brushing the teeth without swallowing.
- **Medical need:** a patient who needs medicine or fluids during the day is excused and makes up the fast later — Islam never demands harm to health.

✦ QURAN

﴿... يُرِيدُ اللَّهُ بِكُمُ الْيُسْرَ وَلَا يُرِيدُ بِكُمُ الْعُسْرَ ...﴾

"Allah intends for you ease and does not intend for you hardship." (Al-Baqarah, Quran)

→ The rule for **every** medical question about fasting.

5.8 Fasting in other religions

The Quran says fasting was prescribed 'to those before you' (Al-Baqarah). Jews fast on **Yom Kippur**, Christians observe **Lent**, Hindus and Buddhists keep fasts. Islam's fast is distinctive in its **fixed month**, its **complete abstention from dawn to sunset**, and its **social and charitable** dimension.

5.9 Sadaqat al-Fitr — the rules

Wajib in the Hanafi school on every Muslim who owns the nisab (beyond basic needs) on the morning of Eid, for himself and his dependent children; its amount is traditionally **half a sa' of wheat** (about 2 kilograms) or **one sa' of dates or barley**, or their value — scholars in Pakistan announce the amount each year. It should be paid **before the Eid prayer**, so that the poor can celebrate.

5.10 Ramadan and the Quran

Jibril (AS) used to review the Quran with the Prophet ﷺ every Ramadan (Al-Bukhari). Hence the Muslim customs of **Tarawih**, in which the whole Quran is commonly recited in congregation across the month, and of completing (**khatm**) the Quran in Ramadan. Fasting quiets the body; the Quran feeds the soul — the two together are the programme of Ramadan.

5.11 Ramadan in Pakistani society — the light and the shade

(1) The light

Charity, Zakat and iftar-sharing reach their peak; mosques fill; families gather; welfare trusts run food drives across the country.

(2) The shade

Price-hikes, short tempers, reduced working hours and wasteful iftar parties contradict the spirit of the fast.

(3) The way forward

Teach fasting as **self-control and empathy**, not only as hunger; enforce price controls; and link Ramadan charity to long-term, productive help.

HOT DEBATE · RAMADAN AND PRICE-HIKES

In Pakistan, prices of food often rise sharply in Ramadan through **hoarding and profiteering** — the opposite of the spirit of fasting. The Prophet ﷺ said: 'No one hoards except a sinner' (Muslim). A strong answer on Sawm's social impact should admit this contradiction and propose remedies: price monitoring, action against hoarders, and the moral training that fasting itself is meant to give.

✦ HADITH

لَا يَحْتَكِرُ إِلَّا خَاطِيٌّ

"No one hoards except a sinner." (Muslim)

→ **Hoarding** — especially in times of need — is a sin; Ramadan profiteering betrays the fast.

Chapter 6 · Hajj: The System and Its Impact

This chapter answers CSS 2019: 'Write a comprehensive note on Hajj (the pilgrimage) system of Islam and its spiritual, moral and social impacts.'

6.1 The meaning of Hajj

(1) Literal meaning

Hajj (حَجَّ) means **to intend** — to set out with purpose towards a great place.

(2) Technical meaning

Hajj is **the journey to the House of Allah in Makkah in the month of Dhul Hijjah, to perform specific rites at specific places and times, as an obligation once in a lifetime on every adult Muslim who is able.**

6.2 The obligation of Hajj

(1) The command

✦ QURAN

﴿... وَلِلَّهِ عَلَى النَّاسِ حِجُّ الْبَيْتِ مَنِ اسْتَطَاعَ إِلَيْهِ سَبِيلًا ...﴾

"And [due] to Allah from the people is a pilgrimage to the House — for whoever is able to find a way to it."
(Aal-e-Imran, Quran)

→ Pilgrimage to the House is a duty owed to Allah **by those who are able to find a way to it**; whoever disbelieves — Allah is free of need of the worlds.

(2) Its history

✦ QURAN

﴿وَأَذِّنْ فِي النَّاسِ بِالْحَجِّ يَأْتُوكَ رِجَالًا وَعَلَى كُلِّ ضَامِرٍ يَأْتِينَ مِنْ كُلِّ فَجٍّ عَمِيقٍ﴾

"And proclaim to the people the Hajj [pilgrimage]; they will come to you on foot and on every lean camel; they will come from every distant pass." (Al-Hajj, Quran)

→ 'Proclaim the Hajj among the people; they will come to you on foot and on every lean camel from every distant pass' — the call of Ibrahim (AS).

Hajj was made obligatory in **9 AH**; in that year Hazrat Abu Bakr (RA) led the pilgrims as **Amir al-Hajj**. The Prophet ﷺ performed his only Hajj in **10 AH** — the **Farewell Hajj** — and taught its rites:

✦ HADITH

لِتَأْخُذُوا مَنَاسِكَكُمْ، فَإِنِّي لَا أَدْرِي لَعَلِّي لَا أَحُجُّ بَعْدَ حَجَّتِي هَذِهِ

"Take your rites (of Hajj) from me, for I do not know; perhaps I will not perform Hajj after this Hajj of mine."
(Muslim)

→ The rites of Hajj are **learned from the Sunnah**.

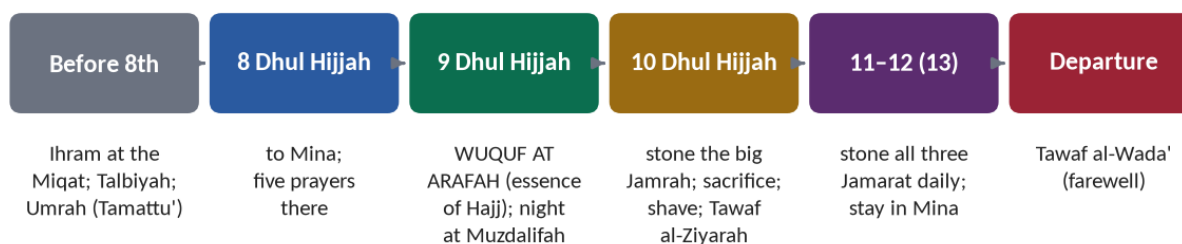

(3) Conditions of obligation (istita'ah)

Islam, sanity, adulthood, freedom, and the **ability**: health, means for the journey and for the family left behind, and safety of the route. A woman travels with a mahram, according to the Hanafi school.

6.3 The system of Hajj — its pillars and rites

THE DAYS OF HAJJ (Hanafi order of rites)

Fard: Ihram (condition) · Wuquf at Arafah · Tawaf al-Ziyarah Wajib: Muzdalifah · Rami · Sa'i · Halq · Tawaf al-Wada'

'Hajj is Arafah' (Al-Tirmidhi) — whoever misses the standing at Arafah has missed the Hajj.

Figure 7 · The days and rites of Hajj.

(1) The Fard (pillars) — in the Hanafi school

- **Ihram** — the intention and the sacred state (a condition).
- **Wuquf at Arafah** — standing at Arafah on the 9th of Dhul Hijjah; the essence of Hajj.
- **Tawaf al-Ziyarah (al-Ifadah)** — circling the Ka'bah after Arafah.

✦ HADITH

الْحَجُّ عَرَفَةُ

"Hajj is Arafah." (Al-Tirmidhi)

→ Whoever misses the standing at Arafah has **missed the Hajj**.

(2) The Wajibat (Hanafi)

Staying at **Muzdalifah**; **Rami** (stoning the Jamarat); **Sa'i** between Safa and Marwah; **Halq** or taqsisr (shaving or shortening the hair); **Tawaf al-Wada'** (the farewell circuit). Missing a wajib requires a sacrifice (dam).

(3) The three types of Hajj

- **Ifrad** — Hajj alone.
- **Tamattu'** — Umrah first, then Hajj, with a break between; requires a sacrifice. (Most Pakistani pilgrims perform Tamattu'.)
- **Qiran** — Umrah and Hajj together in one Ihram; requires a sacrifice.

(4) The rites recall a family's sacrifice

- **Sa'i** recalls **Hajar** (AS) running between Safa and Marwah in search of water for Isma'il (AS) — and the spring of **Zamzam**.
- **Rami** recalls **Ibrahim** (AS) rejecting the temptation of Satan.
- **The sacrifice** recalls Ibrahim's readiness to sacrifice his son.
- **The Ka'bah** was raised by Ibrahim and Isma'il (AS).

✦ QURAN

﴿لَنْ يَنَالَ اللَّهَ لُحُومُهَا وَلَا دِمَاؤُهَا وَلَكِنْ يَنَالُهُ التَّقْوَىٰ مِنْكُمْ كَذَٰلِكَ سَخَّرَهَا لَكُمْ لِتُكَبِّرُوا اللَّهَ عَلَىٰ مَا هَدَاكُمْ وَبَشِّرِ الْمُحْسِنِينَ﴾

"Their meat will not reach Allah, nor will their blood, but what reaches Him is piety from you. Thus have We subjected them to you that you may glorify Allah for that [to] which He has guided you; and give good tidings to the doers of good." (Al-Hajj, Quran)

→ 'Neither their meat nor their blood reaches Allah, but what reaches Him is taqwa from you' — the sacrifice is about the heart.

6.4 The spiritual impact of Hajj

(1) Complete forgiveness and a new beginning

✦ HADITH

مَنْ حَجَّ لِلَّهِ فَلَمْ يَرْفُثْ وَلَمْ يَفْسُقْ رَجَعَ كَيَوْمَ وَلَدَتْهُ أُمُّهُ

"Whoever performs Hajj for Allah and does not commit obscenity or wickedness returns like the day his mother gave birth to him." (Al-Bukhari and Muslim)

→ Hajj is a **spiritual rebirth**.

✦ HADITH

الْحَجُّ الْمَبْرُورُ لَيْسَ لَهُ جَزَاءٌ إِلَّا الْجَنَّةُ

"An accepted Hajj has no reward except Paradise." (Al-Bukhari and Muslim)

→ The reward of a sincere Hajj is **Paradise itself**.

(2) A rehearsal of the Day of Judgement

Millions in two white sheets, standing on the plain of Arafah under the sun, calling on their Lord — the Hajj is a living picture of the Gathering (Hashr).

(3) Love of Allah and total surrender

The Talbiyah — '*Labbaik Allahumma labbaik*', 'Here I am, O Allah, here I am' — is the language of complete response.

6.5 The moral impact of Hajj

(1) Self-control

✦ QURAN

﴿... فَلَا رَفَثَ وَلَا فُسُوقَ وَلَا جِدَالَ فِي الْحَجِّ...﴾

"There is to be no obscenity, no wickedness and no quarrelling during Hajj." (Al-Baqarah, Quran)

→ In Hajj there is **no obscenity, no wickedness, and no quarrelling** — a training camp of self-restraint.

(2) Patience and sacrifice

Heat, crowds, walking, delays — the pilgrim learns patience and gives up comfort, money and time.

(3) Humility

Ihram removes every sign of rank, wealth and nationality.

(4) Discipline

Every rite has its time and place; millions move to a common timetable.

6.6 The social and global impact of Hajj

(1) Equality of mankind

In Ihram, the king and the labourer cannot be told apart. Hajj is the largest demonstration of human equality on earth.

✦ SCHOLARLY VIEW

Malcolm X (El-Hajj Malik El-Shabazz) · American civil-rights leader, 'Letter from Mecca', 1964

Writing from Makkah, Malcolm X described tens of thousands of pilgrims of every colour — from blue-eyed blonds to black-skinned Africans — sharing the same rituals, food and prayers in a spirit of unity and brotherhood that his experiences in America had led him to believe could never exist between white and non-white. Hajj changed his views on race.

→ The strongest modern testimony to the **equality of Hajj**.

(2) Unity of the Ummah

Pilgrims from every country meet as one people, facing one House, calling one Lord in one language of worship.

(3) International brotherhood and exchange

Hajj has always been a meeting place of scholars, traders and ideas across the Muslim world.

(4) The annual assembly — the Farewell Sermon

The Prophet ﷺ used the Hajj of 10 AH to deliver the **Farewell Sermon** at Arafah — the charter of human rights (T4). Hajj is the natural **annual conference** of the Ummah.

(5) Economic impact

✦ QURAN

﴿لَيْسَ عَلَيْكُمْ جُنَاحٌ أَنْ تَبْتَغُوا فَضْلًا مِّن رَّبِّكُمْ...﴾

“There is no blame upon you for seeking bounty from your Lord [during Hajj].” (Al-Baqarah, Quran)

→ 'There is no blame on you in seeking bounty from your Lord' — lawful trade during the Hajj season is permitted.

In recent years **about 1.7–1.8 million** pilgrims have performed Hajj annually (Saudi official figures, 2024–2025); **Pakistan's quota is about 180,000**, one of the largest in the world.

6.7 Umrah and Hajj

Point	Hajj	Umrah
Status	Fard once in life (if able)	Sunnah mu'akkadah (Hanafi)
Time	Fixed: 8–13 Dhul Hijjah	Any time of the year
Rites	Ihram, Arafah, Muzdalifah, Mina, Rami, Tawaf, Sa'i, sacrifice	Ihram, Tawaf, Sa'i, Halq
Called	The 'greater pilgrimage'	The 'lesser pilgrimage'

6.8 Eid al-Adha and Qurbani

(1) Its status

Qurbani is **wajib** in the Hanafi school on every adult Muslim who owns the nisab on the days of Eid al-Adha; others regard it as a strong Sunnah.

(2) Its meaning

It commemorates Ibrahim's (AS) readiness to sacrifice his son, and teaches that what reaches Allah is **taqwa**, not meat or blood (Al-Hajj).

(3) Its social impact

The meat is customarily divided into three shares — for the family, for relatives and friends, and for the poor. In Pakistan, Eid al-Adha is the one time in the year when many poor families eat meat, and the hides are donated to welfare organisations.

6.9 The Ka'bah — the centre of Tawhid

✦ QURAN

﴿إِنَّ أَوَّلَ بَيْتٍ وُضِعَ لِلنَّاسِ لَلَّذِي بِبَكَّةَ مُبَارَكًا وَهُدًى لِلْعَالَمِينَ﴾

“Indeed, the first House [of worship] established for mankind was that at Makkah - blessed and a guidance for the worlds.” (Aal-e-Imran, Quran)

→ The first House established for mankind was that at **Bakkah** (Makkah) — blessed and a guidance for the worlds.

✦ QURAN

﴿وَإِذْ يَرْفَعُ إِبْرَاهِيمُ الْقَوَاعِدَ مِنَ الْبَيْتِ وَإِسْمَاعِيلُ رَبَّنَا تَقَبَّلْ مِنَّا إِنَّكَ أَنْتَ السَّمِيعُ الْعَلِيمُ﴾

"And [mention] when Abraham was raising the foundations of the House and [with him] Ishmael, [saying], "Our Lord, accept [this] from us. Indeed You are the Hearing, the Knowing." (Al-Baqarah, Quran)

→ When Ibrahim was raising the foundations of the House, and Isma'il, [praying] 'Our Lord, accept from us'.

The Ka'bah, built for the worship of One God, was cleared of idols at the Conquest of Makkah (8 AH) and restored to Tawhid; every Muslim prayer turns towards it.

6.10 The Farewell Sermon — the message of Hajj

At Arafah in 10 AH, the Prophet ﷺ delivered the sermon that turns Hajj into a charter for mankind (details in T4):

- the **sanctity of life, property and honour**;
- the **abolition of riba** and of blood-feuds of the Age of Ignorance;
- the **rights of women** — 'fear Allah concerning women';
- the **equality of all races** — no superiority of Arab over non-Arab, or of white over black, except by taqwa;
- holding fast to the **Book of Allah** (and the Sunnah).

✦ HADITH

يَا أَيُّهَا النَّاسُ، أَلَا إِنَّ رَبَّكُمْ وَاحِدٌ، وَإِنَّ أَبَاكُمْ وَاحِدٌ، أَلَا لَا فَضْلَ لِعَرَبِيٍّ عَلَى أَعْجَمِيٍّ، وَلَا لِعَجَمِيٍّ عَلَى عَرَبِيٍّ، وَلَا لِأَحْمَرَ عَلَى أَسْوَدَ، وَلَا أَسْوَدَ عَلَى أَحْمَرَ، إِلَّا بِالتَّقْوَى

"O people, your Lord is one and your father is one. There is no superiority of an Arab over a non-Arab, nor of a non-Arab over an Arab, nor of a red over a black, nor of a black over a red, except by taqwa." (Musnad Ahmad)

→ The **social message of Hajj** in the Prophet's own words.

6.11 Managing Hajj today

(1) The scale

Nearly two million pilgrims in a few square kilometres over five days make Hajj one of the world's largest logistical operations.

(2) The challenges

Crowd safety, extreme heat — in 2024 Saudi authorities reported more than **1,300 deaths**, many among unregistered pilgrims walking long distances in the heat — cost, and the exploitation of pilgrims by some private operators.

(3) Pakistan's Hajj policy

Pakistan divides its quota between a **government scheme** and **private tour operators**, with a sponsorship scheme paid in foreign exchange. Transparency, training of pilgrims and protection of the elderly are recurring issues of public policy.

6.12 The lessons of Hajj for the individual and the nation

1. **Obedience without full explanation** — kissing a stone, throwing pebbles, running between two hills: the pilgrim learns submission to Allah's command.
2. **Sacrifice for a higher purpose** — the family of Ibrahim (AS) is the model.
3. **Equality as a lived experience** — not a slogan, but two white sheets for all.
4. **Order and discipline in a crowd** — millions following one timetable.
5. **Unity above nationality** — one Ummah, one House, one call.
6. **Preparation for death and resurrection** — Ihram resembles the shroud; Arafah resembles the Gathering.

HOT DEBATE · THE COST OF HAJJ AND REPEATED HAJJ

The cost of Hajj from Pakistan has risen to well over a million rupees, putting it beyond the reach of many. Scholars also discuss whether repeated voluntary Hajj and Umrah by the wealthy should give way to spending on the poor, since Hajj is obligatory **once**. A balanced answer praises the love of Hajj while reminding that feeding the hungry and educating orphans are also worship.

Chapter 7 · Fard Ayn and Fard Kifayah

This chapter answers CSS 2025: 'What is meant by Farz Kifayah? What is its religious and social significance? In the present era, which affairs are considered to be included in the scope of Farz Kifayah?'

7.1 The classification of obligations

The jurists (usuliyyun) divide obligations according to **who** is addressed:

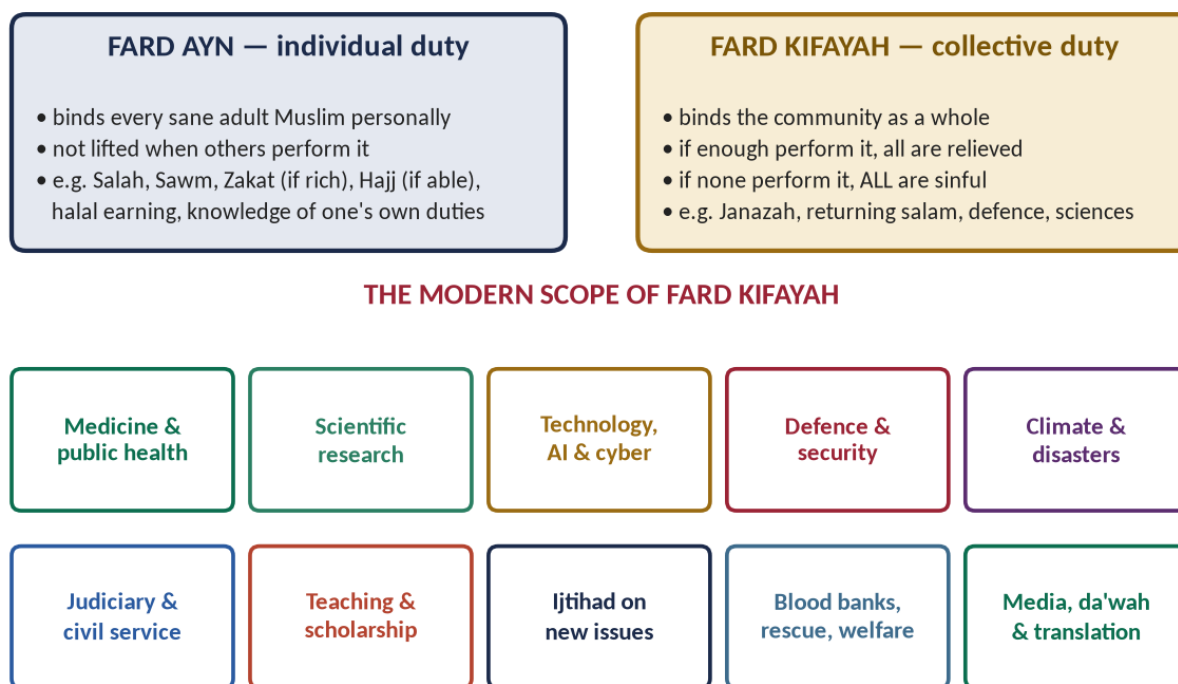

Figure 8 · Fard Ayn and Fard Kifayah, and the modern scope of the collective duty.

(1) Fard Ayn — the individual obligation

An obligation on **every** sane adult Muslim personally, which no one else can perform on his behalf: the five prayers, fasting in Ramadan, Zakat (for those who own the nisab), Hajj (for those who are able), lawful earning, and the knowledge needed to perform one's own duties.

(2) Fard Kifayah — the collective obligation

An obligation addressed to the **community as a whole**. If a sufficient number perform it, the duty is lifted from everyone else; if **no one** performs it, **the whole community is sinful**.

7.2 The meaning of Fard Kifayah

(1) Literal meaning

Kifayah (كفاية) means **sufficiency** — what is enough. Fard Kifayah is 'the duty of sufficiency'.

(2) Technical meaning

A duty whose **performance** is required by the Shariah, **without regard to who performs it**, so that the need of the community is met.

(3) Classical examples

- The **funeral prayer** and burial of a Muslim.
- **Returning the greeting** of salam in a group.
- **Defence** of the Muslim lands in normal times.
- **Enjoining good and forbidding evil** at the level of society.
- **Learning and teaching** the religious sciences beyond the basics; **issuing fatwas** and **judging** disputes.
- The **worldly sciences and crafts** the community needs.

✦ SCHOLARLY VIEW

Imam Al-Ghazali · Ihya Ulum al-Din, Book of Knowledge

Ghazali explains that the sciences on which the life of the community depends — such as **medicine**, needed for the health of bodies, and **arithmetic**, needed for transactions and inheritance — are fard kifayah: if a town has no one who knows them, the whole town is sinful. He even counts basic crafts such as agriculture and weaving among them.

→ A classical authority makes **science and professions a religious duty** — the key to the 2025 question.

✦ SCHOLARLY VIEW

Imam Al-Shatibi · Al-Muwafaqat

Shatibi explains that a fard kifayah is addressed to the whole community but is carried out by those who are **qualified** for it: people are to be directed, according to their abilities, into the tasks the community needs.

→ Fard kifayah requires **planning and specialisation** — a modern idea of human-resource policy.

7.3 The evidence for Fard Kifayah

✦ QURAN

﴿وَمَا كَانَ الْمُؤْمِنُونَ لِيَنفِرُوا كَافَّةً فَلَوْلَا نَفَرَ مِن كُلِّ فِرْقَةٍ مِّنْهُمْ طَائِفَةٌ لِّيَتَفَقَّهُوا فِي الدِّينِ وَلِيُنذِرُوا قَوْمَهُمْ إِذَا رَجَعُوا إِلَيْهِمْ لَعَلَّهُمْ يَحْذَرُونَ﴾

"And it is not for the believers to go forth [to battle] all at once. For there should separate from every division of them a group [remaining] to obtain understanding in the religion and warn their people when they return to them that they might be cautious." (At-Tawbah, Quran)

→ It is not for the believers to go forth all together; **why should not a party from every group go forth to gain understanding of the religion** and warn their people when they return? — a clear example of a collective duty performed by some.

✦ QURAN

﴿وَلْتَكُنْ مِنْكُمْ أُمَّةٌ يَدْعُونَ إِلَى الْخَيْرِ وَيَأْمُرُونَ بِالْمَعْرُوفِ وَيَنْهَوْنَ عَنِ الْمُنْكَرِ وَأُولَٰئِكَ هُمُ الْمُفْلِحُونَ﴾

"And let there be [arising] from you a nation inviting to [all that is] good, enjoining what is right and forbidding what is wrong, and those will be the successful." (Aal-e-Imran, Quran)

→ 'Let there be among you a group calling to good, enjoining what is right and forbidding what is wrong' — a duty on the community, fulfilled by a qualified group.

✦ HADITH

حَقُّ الْمُسْلِمِ عَلَى الْمُسْلِمِ خَمْسٌ: رَدُّ السَّلَامِ، وَعِيَادَةُ الْمَرِيضِ، وَاتِّبَاعُ الْجَنَائِزِ، وَإِجَابَةُ الدَّعْوَةِ، وَتَسْمِيتُ الْعَاطِسِ

"The rights of a Muslim over a Muslim are five: returning the salam, visiting the sick, following funerals, accepting invitations, and responding to one who sneezes." (Al-Bukhari and Muslim)

→ Several of these **social rights** are fulfilled collectively.

7.4 The religious significance of Fard Kifayah

(1) Collective responsibility before Allah

The whole Ummah is answerable if a need of society is left unmet. Every Muslim is therefore concerned with the public good, not only with his private worship.

✦ HADITH

مَثَلُ الْقَائِمِ عَلَى حُدُودِ اللَّهِ وَالْوَاقِعِ فِيهَا كَمَثَلِ قَوْمٍ اسْتَهْمُوا عَلَى سَفِينَةٍ ... فَإِنْ يَتْرَكُوهُمْ وَمَا أَرَادُوا هَلَكُوا جَمِيعًا، وَإِنْ أَخَذُوا عَلَى أَيْدِيهِمْ نَجَوْا وَنَجَوْا جَمِيعًا

"The example of those who keep to the limits of Allah and those who violate them is that of people who drew lots for places on a ship ... If they leave them to do what they intend, all will be destroyed; but if they stop them, they will be saved and all will be saved." (Al-Bukhari)

→ The **parable of the ship**: society sinks or swims together.

(2) Worldly work becomes worship

A doctor, engineer, researcher or soldier who serves the community's need with the right intention is performing a religious obligation, not merely earning a living.

(3) The Ummah as one body

The believers are 'like one body' (Muslim): each organ performs a function for the whole — the living meaning of fard kifayah.

(4) Excellence (ihsan) in professions

Because the duty is to Allah, it must be done well: 'Allah loves, when one of you does a work, that he does it with excellence' (Al-Bayhaqi).

7.5 The social significance of Fard Kifayah

(1) Division of labour

Not everyone can be a doctor or a judge; fard kifayah distributes tasks so that all needs are met.

(2) Provision of public goods

Health, education, defence, justice, infrastructure — the things no individual can provide alone.

(3) Self-reliance of the Ummah

A Muslim society that fails to produce its own scientists, doctors and engineers becomes dependent on others — in the view of the jurists, it is **collectively sinful**.

(4) The role of the state

In modern times, many collective duties are organised by the state (armed forces, public hospitals, universities, courts). The state becomes the main **instrument** for fulfilling fard kifayah, and citizens fulfil it through their professions and taxes.

7.6 The modern scope of Fard Kifayah

(1) Medicine and public health

Doctors, nurses, epidemiologists, vaccine research. The COVID-19 pandemic showed that health workers perform a collective duty on behalf of all.

(2) Science, research and technology

Pakistan spends well under one per cent of GDP on research and development. Research in agriculture, water, energy, **artificial intelligence** and **cyber-security** is a collective duty of the Ummah.

(3) Defence and security

Maintaining a capable defence and law-enforcement system.

(4) Climate change and disaster management

Pakistan is among the countries most vulnerable to climate change; the floods of 2022 affected over 30 million people. Disaster response, early warning and environmental protection are collective duties.

(5) Justice, governance and civil service

Honest judges, competent civil servants and fair administration.

(6) Religious scholarship and Ijtihad

Muftis and scholars able to answer new questions — in finance, bioethics, technology — are a collective need (T9).

(7) Education and teaching

Teachers, especially in neglected areas; Pakistan has millions of out-of-school children.

(8) Welfare and rescue

Blood donation, rescue services, orphan care, disability support.

(9) Media, translation and da'wah

Presenting Islam accurately to the world; answering Islamophobia; translating knowledge into national languages.

(10) Economic self-reliance

Industry, food security and interest-free finance, so that the Ummah is not dependent on others.

7.7 The Quran's honour for knowledge — the root of Fard Kifayah

✦ QURAN

﴿... قُلْ هَلْ يَسْتَوِي الَّذِينَ يَعْلَمُونَ وَالَّذِينَ لَا يَعْلَمُونَ...﴾

“Say: are those who know equal to those who do not know?” (Az-Zumar, Quran)

→ 'Say: are those who know equal to those who do not know?' — knowledge is a rank in Islam.

✦ QURAN

﴿... إِنَّمَا يَخْشَى اللَّهَ مِنْ عِبَادِهِ الْعُلَمَاءُ...﴾

“Only those of His servants who have knowledge truly fear Allah.” (Fatir, Quran)

→ 'Only those of His servants who have knowledge truly fear Allah' — the verse comes after a passage on rain, plants, mountains and the diversity of creatures: natural science leads to awe.

(1) The golden age as fulfilled Fard Kifayah

When Muslim societies treated knowledge as a collective duty, they produced the **Bayt al-Hikmah** of Baghdad, the observatories of Maragha and Samarkand, and scientists such as al-Khwarizmi, Ibn al-Haytham, al-Razi, Ibn Sina and al-Biruni (T6).

(2) The decline as neglected Fard Kifayah

When learning narrowed to a few subjects and the sciences were treated as 'worldly', the Ummah fell behind — the collective sin the jurists warned of.

7.8 When a Fard Kifayah becomes Fard Ayn

A collective duty becomes an **individual** duty when only one person is able to perform it, or when those responsible fail. If only one doctor is present at an accident, treating the injured becomes his personal obligation; if the enemy attacks a town, its defence becomes the duty of every able person in it.

7.9 Organising Fard Kifayah today

Actor	Role
The state	Plans and funds the collective duties: health, education, research, defence, justice, disaster management

Actor	Role
Scholars	Identify new collective needs and guide Ijtihad on them
Universities	Produce the specialists the Ummah needs
Civil society	Trusts, hospitals, rescue services, blood banks
Individuals	Choose professions with the intention of serving the community; pay taxes honestly

EXAMINER'S EYE · THE 2025 QUESTION

Three limbs: **meaning** (with the contrast to fard ayn), **significance** (religious + social — two headed sections), and **modern scope** (8–10 headed fields with Pakistani examples). The Ghazali quotation on medicine and arithmetic is the most valuable single piece of evidence.

7.10 Fard Kifayah and the education of women

Because many women in Pakistan prefer to be treated by women doctors and taught by women teachers, the scholars have long argued that the training of **women doctors, nurses and teachers** is itself a fard kifayah: if the community does not produce them, it fails a collective duty and pushes women into hardship. Pakistan's shortage of women doctors practising after graduation makes this a live question of both policy and faith.

7.11 Fard Kifayah and the Constitution of Pakistan

The Principles of Policy of the Constitution read like a list of collective duties: **Article 37** — promoting education, removing illiteracy and ensuring speedy and inexpensive justice; **Article 38** — the well-being of the people, basic necessities of life (food, clothing, housing, education and medical relief) for those unable to earn, and the elimination of riba; **Article 40** — strengthening bonds with the Muslim world. When the state fulfils them, it discharges on behalf of the whole nation duties that the Shariah calls fard kifayah.

Chapter 8 · The Worships Together: Spiritual, Moral and Social Impact

The syllabus line asks for the impact of **Islamic worships** as a whole. This chapter joins the four pillars into one answer.

8.1 The four pillars compared

	SALAH	ZAKAT	SAWM	HAJJ
How often	5 times a day	once a year	a month a year	once in life
Trains	discipline, remembrance	generosity, control of greed	self-control, taqwa	sacrifice, equality
Social fruit	congregation, brotherhood	circulation, welfare	empathy with the hungry	global unity of the Ummah
Key verse	Al-Ankabut: restrains evil	At-Tawbah: eight heads	Al-Baqarah: 'that you may attain taqwa'	Aal-e-Imran: 'upon those able'

Figure 9 · The four pillars compared: frequency, what they train, their social fruit and their key verse.

8.2 One system of training

(1) A timetable for the soul

Salah trains the believer **daily**, Zakat **yearly**, Sawm for a **month** each year, Hajj **once in a life**. Together they form a complete, graded programme of spiritual education.

(2) Every faculty is trained

- Salah trains the **body and the mind** in submission.
- Zakat trains the relationship with **wealth**.
- Sawm trains the **appetites**.
- Hajj trains the whole person — **body, wealth and time** — in sacrifice.

(3) The individual and the community together

Each pillar has a personal side and a collective side: private prayer and congregation; personal purification and social welfare; private fast and common iftar; individual repentance and the universal assembly.

8.3 The combined impact

Impact	How the worships produce it
Spiritual	Constant remembrance (Salah), purification (Zakat), taqwa (Sawm), rebirth (Hajj)
Moral	Discipline, generosity, self-control, patience, humility — the character of the believer
Social	Brotherhood in the row, welfare through Zakat, empathy in hunger, equality in Ihram, unity of the Ummah
Economic	Circulation of wealth, reduced poverty, productive investment
Political	Discipline and obedience to lawful leadership; the annual assembly of the Ummah

8.4 Worship and the Hereafter

All worship is ultimately preparation for meeting Allah; it is the practical expression of belief in the Akhirah (T1).

✦ QURAN

﴿وَأَسْتَعِينُوا بِالصَّبْرِ وَالصَّلَاةِ وَإِنَّهَا لَكَبِيرَةٌ إِلَّا عَلَى الْخَاشِعِينَ ۚ الَّذِينَ يَظُنُّونَ أَنَّهُم مُّلاقُوا رَبِّهِمْ وَأَنَّهُمْ إِلَيْهِ رَاجِعُونَ﴾

“And seek help through patience and prayer, and indeed, it is difficult except for the humbly submissive [to Allah]. Who are certain that they will meet their Lord and that they will return to Him.” (Al-Baqarah, Quran)

→ Seek help through patience and prayer — it is difficult except for the humbly submissive, **who are certain that they will meet their Lord** and that to Him they will return.

METHOD · ANY 'IMPACT OF WORSHIP' QUESTION

(1) Introduction (Adh-Dhariyat: purpose = ibadah) **(2)** Meaning of the worship **(3)** Its status and rules (briefly) **(4) Spiritual impact** (3–5 points) **(5) Moral impact** (3–5 points) **(6) Social impact** (3–5 points) **(7)** Today — the gap between ritual and spirit; Pakistan **(8)** Conclusion. Draw the **impact triangle**.

8.5 The worships and the objectives of the Shariah

Imam Ghazali summed up the purposes of the Shariah as the protection of **religion, life, intellect, lineage and property** (T9). Each worship serves them:

Worship	The objectives (maqasid) it protects
Salah	Religion (daily renewal of faith); intellect (remembrance, restraint from intoxication and evil)
Zakat	Property (circulation, protection from hoarding); life (feeding the poor)
Sawm	Intellect and self (self-control); life and health (discipline of appetites)
Hajj	Religion (Tawhid at its centre); the unity of the Ummah
Fard Kifayah	Life (medicine, defence), intellect (education, research), property (economy), lineage (family courts, social welfare)

8.6 Worship in the lives of the great

(1) The Prophet ﷺ

He prayed at night until his feet swelled. When asked why, since Allah had forgiven him, he replied:

✦ HADITH

أَفَلَا أُحِبُّ أَنْ أَكُونَ عَبْدًا شَكُورًا

"Should I not love to be a grateful servant?" (Al-Bukhari and Muslim)

→ Worship as **gratitude**, not bargaining.

(2) The Caliphs

Hazrat Umar (RA) ruled an empire by day and prayed by night; Hazrat Ali (RA) was known for his devotion and his justice alike — worship and public duty were never separated.

(3) The Imams

Imam Abu Hanifa is reported to have prayed Fajr with the ablution of Isha for many years — whatever the exact detail, his life joined deep worship with the building of Islamic law.

8.7 A programme for Pakistan — worship that reforms society

1. **Teach the meaning**, not only the method: the translation of what is recited in Salah in schools and mosques.
2. **Revive the mosque** as a community centre: literacy, counselling, welfare, dispute resolution.
3. **Reform Zakat**: transparent, targeted, productive (Chapter 4.4).
4. **Use the Jumu'ah khutbah** for moral and civic themes — honesty, cleanliness, rights of neighbours, respect for law.
5. **Turn Ramadan into a campaign** against hoarding and for charity.
6. **Recognise professional work as fard kifayah** in education and public messaging.

TRAP · A FAMOUS BUT WEAK SAYING

The saying 'Whoever's prayer does not stop him from indecency and evil gains nothing from it but distance from Allah' is widely quoted as a hadith, but its chain is **weak**. Use the **verse** instead: 'Prayer restrains from indecency and wrongdoing' (Al-Ankabut).

Part Two — Contemporary Challenges, Narratives and Hot Debates

9.1 Ritual without spirit

(1) The challenge

Mosques are full in Ramadan and on Fridays, yet dishonesty, corruption and bad treatment of others remain common in many Muslim societies.

(2) The Islamic answer

The Quran condemns worship emptied of its spirit (Al-Ma'un: 'woe to those who pray but are heedless of their prayer'); the Sunnah declares that a fast without truthful speech is only hunger (Al-Bukhari). The solution is **understanding** — teaching the meaning of worship, not only its form — and linking worship with conduct.

✦ HADITH

إِنَّ اللَّهَ لَا يَنْظُرُ إِلَى صُورِكُمْ وَأَمْوَالِكُمْ، وَلَكِنْ يَنْظُرُ إِلَى قُلُوبِكُمْ وَأَعْمَالِكُمْ

"Allah does not look at your forms or your wealth, but He looks at your hearts and your deeds." (Muslim)

→ Worship is judged by the **heart and conduct**, not by appearance.

9.2 The Zakat trust deficit and the potential of Zakat

Many citizens avoid state Zakat because of doubts about its management, while private giving remains large. Reform needs **transparency, targeting and productive use** (Chapter 4.4).

9.3 Commercialisation of Hajj and Umrah

Rising costs, package-tour culture and 'selfie-pilgrimage' threaten the spirit of Hajj; the Quran reminds that 'neither meat nor blood reaches Allah, but taqwa' (Al-Hajj).

9.4 Ramadan inflation and hoarding

See the hot debate at the end of Chapter 5. The Prophet ﷺ called the hoarder a sinner (Muslim).

9.5 Worship in a busy, digital age

Long working hours, screens and entertainment compete with prayer times and reflection. Islam's fixed times are a **built-in digital detox**; employers should facilitate prayer breaks — a matter of rights as well as faith.

9.6 Fard Kifayah and the knowledge gap of the Muslim world

Muslim-majority countries together contribute only a small share of the world's scientific research. Neglecting science, medicine and technology is not only a development failure but, in the language of the jurists, a **collective sin** (Chapter 7).

HOT DEBATE · 'WORSHIP IS A PRIVATE MATTER'

Some argue that prayer and fasting are private and should have no public place. Islam's worships are **both** private and public: the congregation, the adhan, the Zakat institution, the common fast and the Hajj are social by design. Article 31 of the Constitution asks the state to facilitate the Islamic way of life, while freedom of belief for others is guaranteed (Article 20).

9.7 Zakat on modern forms of wealth

Contemporary scholars — including the International Islamic Fiqh Academy and Pakistani muftis — have applied the classical rules to new assets:

- **Bank balances, savings certificates, prize bonds:** zakatable at 2.5%.
- **Shares:** Zakat on the zakatable part of the share's value (or, for trading shares, on their market value).
- **Provident fund:** in the Hanafi view, due only after it is received.
- **Business inventory:** valued at market price on the Zakat date.

The principle is constant: **idle, growing wealth above the nisab** bears Zakat, whatever form it takes.

9.8 The mosque and welfare

Across Pakistan, mosque committees and madrasas run food banks, free dispensaries and marriage funds. Integrating them transparently with public welfare would bring worship and welfare back together as they were in the Prophet's mosque.

9.9 Secular critiques of the worships — answered

(1) 'Prayer wastes working time'

Five prayers take perhaps an hour a day; they give rest, focus and discipline that improve work. Many modern organisations now build 'mindfulness breaks' into the day — Islam built them in fourteen centuries ago.

(2) 'Hajj and Qurbani waste money'

Hajj is obligatory only once and only on the able; Qurbani feeds millions of poor people and supports the livestock economy of rural families. Both are regulated by the principle of ability and moderation.

(3) 'Fasting harms productivity'

Fasting exempts the sick and the traveller, and its purpose is discipline; where productivity falls, the cause is usually late nights and heavy iftars — habits against the Sunnah, which recommends moderation.

9.10 Young people and worship

Surveys and teachers report declining regularity of prayer among urban youth, under the pressure of screens, exams and a culture that treats religion as old-fashioned. The answer is not force but **meaning**: teaching the purpose of worship, the mosque as a welcoming place, and role models who combine faith with modern excellence.

✦ QURAN

﴿وَأْمُرْ أَهْلَكَ بِالصَّلَاةِ وَاصْطَبِرْ عَلَيْهَا لَا نَسْأَلُكَ رِزْقًا نَحْنُ نَرْزُقُكَ وَالْعَاقِبَةُ لِلتَّقْوَى﴾

"And enjoin prayer upon your family [and people] and be steadfast therein. We ask you not for provision; We provide for you, and the [best] outcome is for [those of] righteousness." (Taha, Quran)

→ 'Enjoin prayer upon your family and be steadfast in it' — the family is the first school of worship.

9.11 Worship and the environment

Pakistan is one of the world's most water-stressed countries. The Prophet ﷺ performed wudu with about a **mudd** (roughly two-thirds of a litre) of water and bathed with a **sa'** (about four mudd) (Al-Bukhari and Muslim) — a model of economy in the most frequent act of worship. Wudu taps that waste water, and Hajj and Ramadan food waste, contradict the Sunnah; Islamic worship can be a school of environmental care.

✦ QURAN

﴿...وَكُلُوا وَاشْرَبُوا وَلَا تُسْرِفُوا إِنَّهُ لَا يُحِبُّ الْمُسْرِفِينَ﴾

"And eat and drink, but do not be excessive; indeed, He does not like those who are excessive." (Al-A'raf, Quran)

→ 'Eat and drink, **but do not be excessive**; indeed, He does not like those who are excessive.'

ONE-LINER COUNT

This topic carries **120 one-liners**, numbered 1–120. Revise them in blocks of twenty; tick the ones you can answer without looking.

Part Five — Revision Notes · Topic 2

Read these on the night before the paper. Each chapter is compressed into chains (→) and short lists; every line should unlock a heading you have already studied.

R2.0 The topic in eight lines

1. Ibadah = the whole of life lived for Allah; the pillars are its training.
 2. Salah: daily connection → discipline, restraint from evil, equality in the row.
 3. Zakat: yearly purification → circulation of wealth, safety net, stability.
 4. Zakat economics: hoarding ↓ → investment ↑ → demand ↑ → jobs ↑ → poverty ↓.
 5. Sawm: monthly self-control → taqwa, truthfulness, empathy, charity.
 6. Hajj: once-in-a-life sacrifice → rebirth, equality, unity of the Ummah.
 7. Fard Kifayah: collective duty → professions and sciences become worship; failure = collective sin.
 8. Every worship → **spiritual + moral + social** impact (the triangle).
- **Part Zero:** Islam 'built on five' → pillars hold up the building; the building (whole Islamic life) is larger than the pillars.

R2.1 Chapter 1 · Ibadah

- **(i) Meaning:** ibadah → root 'abd (servant) → obedience + humility + love → technically: every belief, word and deed Allah loves, done for Him in His way.
- **(ii) Two senses:** narrow → rituals (Salah, Zakat, Sawm, Hajj, dhikr, du'a); wide → the whole of life (earning, family, study, a smile) — *'even the morsel in your wife's mouth'* (Al-Bukhari and Muslim); *'my living and my dying for Allah'* (Al-An'am).
- **(iii) Conditions:** ikhlas ('actions by intentions') + ittiba' ('not in accordance with our matter → rejected', Muslim).
- **(iv) Kinds:** bodily · financial · both · heart · tongue.
- **(v) Wisdom:** remembrance (Taha) → taqwa → self-discipline → community; Shah Waliullah: every rite has a reason (asrar).
- **(vi) No monasticism:** Al-Hadid ('monasticism — We did not prescribe it') → the three Companions: 'I fast and break my fast, pray and sleep, marry — whoever turns from my Sunnah is not of me'.
- **(vii) Rights of people:** Huquq Allah + Huquq al-Ibad → striving for the widow and the poor = Jihad / night prayer (Al-Bukhari and Muslim) → 'every good deed is charity'.
- **(viii) Ihsan:** worship as though you see Him → bridge to Tazkiyah (T5).

R2.2 Chapter 2 · Salah

- **(i) Meaning:** salah → du'a / connection → technically: takbir to taslim, standing-recitation-bowing-prostration, fixed times.
- **(ii) Status:** 2nd pillar → made fard at **Mi'raj** → dividing line of faith (Muslim) → first question on the Day (Al-Tirmidhi) → fixed times (An-Nisa) → children at seven (Abu Dawud).
- **(iii) Categories (Hanafi):** Fard (5 daily = 17 rak'at; Jumu'ah; Janazah = fard kifayah) → Wajib (Witr, 2 Eids, sajdah tilawah) → Sunnah (mu'akkadah 12 daily + Tarawih; ghayr mu'akkadah) → Nafl (Tahajjud, Ishraq, Chasht, Awwabin, Tahiyat al-Masjid) → Occasional (Istisqa, Kususuf/Khusuf, Khawf, Istikharah, Hajjah).

- **(iii-a) Conditions (Hanafi):** taharah · satr · waqt · qiblah · niyyah · takbir tahrimah → Fara'id: qiyam · qira'ah · ruku' · sujud · qa'dah akhirah · ending by one's act · adhan = public call (Al-Ma'idah).
- **(iii-b) Why five times:** rhythm across the day (Al-Isra: decline of the sun to darkness + dawn) → time management → distinctive: obligatory, timed, bodily, congregational, one Qiblah.
- **(iv) Spiritual:** remembrance (Taha) · peace — man anxious except those who pray (Al-Ma'arij); 'give us rest, O Bilal' · purification — river five times · strength — patience and prayer · khushu' (Al-Mu'minun; Ghazali's six inner meanings).
- **(v) Moral:** restrains from evil (Al-Ankabut) · punctuality · cleanliness (wudu) · humility (forehead on ground) · good deeds remove evil (Hud).
- **(vi) Social:** equality in the row (Iqbal: Mahmood-o-Ayaz) · congregation ×27 · mosque = school/court/welfare centre · Jumu'ah = weekly assembly · social order.
- **(vi-a) Jumu'ah:** fard on adult, free, resident, healthy men; replaces Zuhr · 'best day' (Muslim) · leaving three out of neglect → heart sealed (Abu Dawud, Al-Tirmidhi) · Hanafi conditions: town, Zuhr time, khutbah, congregation, open access · functions: weekly education, unity, information.
- **(vi-b) The mosque:** Suffah school · consultation · court · diplomacy (Najran delegation) · welfare → revive these roles today.
- **(vi-c) Psychological & physical:** stress relief, structure, belonging · wudu hygiene, gentle exercise, sleep rhythm.
- **(vi-d) Salah in hardship:** traveller → qasr (An-Nisa; required in the Hanafi school) · the sick → sitting / lying · war → Salat al-Khawf in turns (An-Nisa) · firm obligation + flexible form.
- **(vi-e) Public life:** prayer rooms and breaks → facilitate, never force, never an excuse to neglect work.
- **(vii) Today:** ritual without spirit → Al-Ma'un ('heedless of their prayer') → remedy: understanding + khushu'.

R2.3 Chapter 3 · Zakat — the system

- **(i) Meaning:** purification + growth → At-Tawbah: 'purify them and cause them to grow' → technically: fixed share of zakatable wealth above nisab after a year, to fixed recipients.
- **(ii) Status:** 3rd pillar · with Salah ~30 times ('establish prayer and give Zakat') · fard in 2 AH · state institution ('amilin, treasury) · Abu Bakr: fight those who separate prayer and Zakat · hoarders warned (At-Tawbah); bald serpent (Al-Bukhari).
- **(iii) Rules (Hanafi):** sane adult Muslim · nisab (7.5 tola gold / 52.5 tola silver; silver for cash) · hawl (1 lunar year) · 2.5% · Ushr 10% / 5% · exempt: house, car, clothes, tools · **tamlik** · not to parents/children/spouse.
- **(iv) Eight heads (At-Tawbah):** fuqara' · masakin · 'amilin · mu'allafat al-qulub (Umar stopped) · riqab · gharimin · fi sabilillah (Jihad, classically) · ibn al-sabil.
- **(v) Zakat vs tax:** worship vs civil duty · divine vs man-made · fixed vs variable rate · idle wealth vs income · eight heads vs any expenditure · sin + crime vs crime.
- **(vi) Spiritual:** purifies from greed (Al-Layl) · wealth = trust · barakah ('charity never decreases wealth', Muslim; seven ears, Al-Baqarah).

- **(iii) Stability mechanism (the cycle):** tax on idle wealth → hoarding ↓ → investment ↑ → poor spend → demand ↑ → production & jobs ↑ → incomes ↑ → inequality ↓ → social peace → stability; + ban on riba (Allah destroys riba, increases charity — Al-Baqarah; Ar-Rum).
- **(iv) Authority:** Chapra — need-fulfilment, full employment, equitable distribution through Zakat + no interest.
- **(v-a) Zakat vs welfare state:** divine vs legislated · faith vs politics · fixed vs changing · dignity (a right) vs bureaucracy.
- **(v-b) Objections:** '2.5% too little' → floor, not ceiling (Ushr, Fitr, Qurbani, Sadaqah, Waqf) · 'dependency' → upper hand, 'make them free of need' · 'private matter' → 'amilin, Bait-ul-Mal.
