# Answer 1 · The Muslim Ummah: Concept, Structure and Revival (CSS 2015)

THE QUESTION · CSS 2015 · Q2 · 16 marks

Explain the concept and structure of the Muslim Ummah and give suggestions for its revival.

Three limbs: concept → structure → revival (after a short diagnosis of decline).

Figure 1 · The answer map: every branch is one numbered heading of the model answer below.

## Decoding the question

- **'Concept'** — what the Ummah is, from the Quran and Sunnah; how it differs from a nation-state.
- **'Structure'** — how it is organised: spiritual, social, political, economic and cultural.
- **'Suggestions for its revival'** — a practical plan; a short diagnosis of decline makes the suggestions logical.
- **16 marks** — keep it tight.

## The model answer

### (1) Introduction

✦ QURAN

﴿إِنَّ هَذِهِ أُمَّتُكُمْ أُمَّةً وَاحِدَةً وَأَنَا رَبُّكُمْ فَاعْبُدُونِ﴾

"Indeed this, your religion, is one religion, and I am your Lord, so worship Me." (Al-Anbiya, Quran)

→ 'Indeed, this Ummah of yours is one Ummah, and I am your Lord, so worship Me.'

About **two billion** Muslims — a quarter of humanity — live in **57** states and as minorities across the world. The Quran calls them **one Ummah**. Yet today they are divided, weak and often oppressed. Understanding the concept and structure of the Ummah is the first step to its revival.

## (2) The concept of the Ummah

### (i) The meaning

**Ummah** (أُمَّة) comes from **umm** — mother, origin, purpose. It is a community united by a **common faith and purpose**, not by race, language or territory.

### (ii) Its qualities in the Quran

#### ✦ QURAN

﴿وَكَذَلِكَ جَعَلْنَاكُمْ أُمَّةً وَسَطًا لِتَكُونُوا شُهَدَاءَ عَلَى النَّاسِ وَيَكُونَ الرَّسُولُ عَلَيْكُمْ شَهِيدًا...﴾

“And thus We have made you a middle (just) nation, that you may be witnesses over mankind and the Messenger a witness over you.” (Al-Baqarah, Quran)

→ 'We have made you a middle nation, that you may be witnesses over mankind.'

#### ✦ QURAN

﴿كُنْتُمْ خَيْرَ أُمَّةٍ أُخْرِجَتْ لِلنَّاسِ تَأْمُرُونَ بِالْمَعْرُوفِ وَتَنْهَوْنَ عَنِ الْمُنْكَرِ وَتُؤْمِنُونَ بِاللَّهِ...﴾

“You are the best nation brought forth for mankind: you enjoin what is right, forbid what is wrong, and believe in Allah.” (Aal-e-Imran, Quran)

→ 'You are the best nation brought forth for mankind: you enjoin right, forbid wrong and believe in Allah.'

### (iii) Brotherhood — its bond

#### ✦ HADITH

مَثَلُ الْمُؤْمِنِينَ فِي تَوَادِّهِمْ وَتَرَاحُمِهِمْ وَتَعَاطُفِهِمْ مَثَلُ الْجَسَدِ، إِذَا اشْتَكَى مِنْهُ عُضْوٌ تَدَاعَى لَهُ سَائِرُ الْجَسَدِ بِالسَّهَرِ وَالْحُمَّى

“The believers, in their love, mercy and kindness, are like one body: when one limb suffers, the whole body responds with sleeplessness and fever.” (Muslim)

### (iv) Faith, not race

#### ✦ SCHOLARLY VIEW

Allama Muhammad Iqbal · Bang-e-Dra

'Apni millat par qiyas aqwam-e-maghrib se na kar / Khas hai tarkib mein qaum-e-Rasool-e-Hashmi' — do not compare your nation with the nations of the West; the nation of the Prophet ﷺ is unique in its composition.

→ The Ummah is **ideological**.

### (3) The structure of the Ummah

Figure 2 · The structure of the Ummah.

- **Spiritual:** one God, one Book, one Prophet ﷺ, one qiblah; the annual **Hajj** as the Ummah's assembly.
- **Social:** brotherhood; rights of Muslims on one another; the mosque as community centre.
- **Political:** the **Khilafah** from **632 to 1924**; today 57 states cooperating through the **OIC** (founded **Rabat, 1969**, after the arson at Al-Aqsa; secretariat **Jeddah**).
- **Economic:** Zakat and waqf within societies; the **Islamic Development Bank (1975)** between states.
- **Cultural:** Arabic as the language of worship; universities such as Al-Azhar; **ICESCO**.

### (4) Why the Ummah declined

#### ✦ QURAN

﴿وَأَطِيعُوا اللَّهَ وَرَسُولَهُ وَلَا تَنَازَعُوا فَتَفْشَلُوا وَتَذْهَبَ رِيحُكُمْ وَاصْبِرُوا إِنَّ اللَّهَ مَعَ الصَّابِرِينَ﴾

*"And obey Allah and His Messenger, and do not dispute and [thus] lose courage and [then] your strength would depart; and be patient. Indeed, Allah is with the patient." (Al-Anfal, Quran)*

→ 'Do not dispute, lest you lose courage and your strength departs.'

- **Disunity** — rival dynasties, sectarian conflict.
- **Loss of ijtihad** — rigid imitation instead of fresh thinking.
- **Neglect of science** after the 13th–15th centuries.
- **Despotism** — hereditary rule without shura.
- **External blows** — the Mongols (1258), the fall of Granada (1492), colonialism.

## (5) Suggestions for revival

### (i) Unity on the rope of Allah

#### ✦ QURAN

﴿وَأَعْتَصِمُوا بِحَبْلِ اللَّهِ جَمِيعًا وَلَا تَفَرَّقُوا وَاذْكُرُوا نِعْمَتَ اللَّهِ عَلَيْكُمْ إِذْ كُنْتُمْ أَعْدَاءً فَأَلَّفَ بَيْنَ قُلُوبِكُمْ فَأَصْبَحْتُمْ بِنِعْمَتِهِ إِخْوًا...﴾

*"And hold firmly to the rope of Allah all together and do not become divided. Remember Allah's favour upon you: you were enemies, and He brought your hearts together, and by His favour you became brothers." (Aal-e-Imran, Quran)*

→ 'Hold fast to the rope of Allah all together, and do not be divided.'

Respect for all schools; an end to sectarian hatred; mediation between Muslim states.

### (ii) Ijtihad

#### ✦ SCHOLARLY VIEW

**Allama Muhammad Iqbal** · The Reconstruction of Religious Thought in Islam, Lecture VI

Iqbal called ijtiḥād 'the principle of movement in the structure of Islam' and urged its collective exercise.

→ Revival needs **fresh thinking**.

### (iii) Knowledge, science and technology

#### ✦ QURAN

﴿... يَرْفَعُ اللَّهُ الَّذِينَ ءَامَنُوا مِنْكُمْ وَالَّذِينَ أُوتُوا الْعِلْمَ دَرَجَاتٍ...﴾

*"Allah will raise those who have believed among you and those who were given knowledge, by degrees." (Al-Mujadilah, Quran)*

→ Allah raises **those who believe and those given knowledge** by degrees.

Research spending, world-class universities, technology of our own.

### (iv) Good governance

#### ✦ QURAN

﴿وَالَّذِينَ اسْتَجَابُوا لِرَبِّهِمْ وَأَقَامُوا الصَّلَاةَ وَأَمْرُهُمْ شُورَى بَيْنَهُمْ وَمِمَّا رَزَقْنَاهُمْ يُنْفِقُونَ﴾

*"And those who have responded to their lord and established prayer and whose affair is [determined by] consultation among themselves, and from what We have provided them, they spend." (Ash-Shura, Quran)*

→ Their affairs are **by consultation among themselves**.

Accountable, just governments; rule of law.

### (v) Economic integration

Raise intra-OIC trade from about a fifth of members' trade; an Islamic common market; Islamic finance through the IsDB.

**(vi) A reformed OIC**

Binding decisions, a dispute-settlement mechanism, a collective voice on Palestine and Kashmir.

**(vii) Self-reform**

## ✦ QURAN

﴿... إِنَّ اللَّهَ لَا يُغَيِّرُ مَا بِقَوْمٍ حَتَّى يُغَيِّرُوا مَا بِأَنْفُسِهِمْ...﴾

“Indeed, Allah will not change the condition of a people until they change what is in themselves.” (Ar-Ra'd, Quran)

→ Allah does not change a people **until they change what is in themselves**.

**(5a) The Ummah acting as one body — examples**

- **The Khilafat Movement (1919–1924)** — the Muslims of India, led by the **Ali brothers**, rose to defend the Ottoman Caliphate thousands of miles away.
- **The Lahore Summit (1974)** — hosted by Pakistan; it brought Muslim heads of state together after the 1973 war.
- **Relief in disasters** — Muslim states and peoples sent aid to Pakistan after the **2005 earthquake** and the **2022 floods**, and to Turkey and Syria after the **2023 earthquake**.
- **The Islamophobia resolution (2022)** — tabled by Pakistan for all 57 OIC members and adopted by the UN.

**(5b) The obstacles to revival — and how to overcome them**

| Obstacle                        | How to overcome                                                        |
|---------------------------------|------------------------------------------------------------------------|
| Rivalries between Muslim states | Mediation through the OIC; focus on shared interests (trade, science)  |
| Sectarian hatred                | Joint platforms of ulema; laws against hate speech; Paigham-e-Pakistan |
| Dependence on foreign powers    | Economic and technological self-reliance; intra-OIC trade              |
| Weak institutions               | Rule of law and accountability at home first                           |
| Brain drain                     | Universities and jobs that keep talent at home                         |

**(5c) Pakistan's role**

As the only Muslim nuclear power, a founding member and host of the OIC's 1974 summit, and the sponsor of the Islamophobia resolution, Pakistan can lead the revival — if it first becomes a model of unity, justice and progress at home.

|                            |                                 | self-change             |

## (6) Conclusion

### ✦ SCHOLARLY VIEW

**Allama Muhammad Iqbal** · Bang-e-Dra

'Aik hon Muslim Haram ki pasbani ke liye / Neel ke sahil se le kar tabak-e-khak-e-Kashghar' — let the Muslims unite to guard the Haram, from the Nile to Kashghar.

→ The dream of **unity**.

The Ummah is one in faith, many in states. Its structure — spiritual, social, political, economic and cultural — survives, but its strength has been lost to disunity, stagnation and injustice. Revival will come through **unity, ijtihad, knowledge, good governance and self-reform** — exactly what the Quran prescribed.

## Why this answer scores

- **Three limbs, three headings** — concept, structure, revival.
- A brief **diagnosis of decline** makes the suggestions logical.
- The structure is shown in a **figure** with facts (632–1924, OIC 1969, IsDB 1975).

## Answer 2 · Islamic Ideology and Modern Western Thought on Individuality (CSS 2015)

THE QUESTION · CSS 2015 · Q9 · 16 marks

Give a comparison of Islamic ideology and modern Western thought about present trends of individuality.

Define, show Western trends, show the Islamic view, then compare point by point.

Figure 4 · The answer map: every branch is one numbered heading of the model answer below.

### Decoding the question

- 'Comparison' — point-by-point, ideally in a **table**.
- 'Present trends of individuality' — today's trends, not only the history of ideas.
- **16 marks** — concise but complete.

### The model answer

#### (1) Introduction

Modern Western civilization places the **individual** at its centre; Islam places **Allah** at the centre and the individual as His servant and vicegerent. Both value the person — but in very different ways, with very different results for family and society.

## (2) Individuality and individualism

- **Individuality** — each person's unique dignity, conscience and responsibility; Islam **affirms** it.
- **Individualism** — the philosophy that the self is the **measure of all value** and its freedom the highest good; Islam **rejects** its extreme form.

## (3) Modern Western thought

- **Renaissance humanism** — man at the centre.
- **John Locke** (17th c.) — natural rights of life, liberty and property.
- **J. S. Mill, \*On Liberty\* (1859)** — the **harm principle**: the individual may do anything that does not harm others.
- **Existentialism (Sartre)** — 'existence precedes essence': man creates his own meaning.
- **Consumer and digital individualism** — identity through choice, brands and self-display online.

## (4) Present trends of individuality in the West

- Autonomy above all — 'my body, my choice'.
- Rights without duties; secularism; moral relativism.
- Decline of marriage and family; the elderly in care homes.
- **Loneliness** — the UK appointed a **Minister for Loneliness (2018)**, Japan (2021).
- Redefinition of identity and family by personal choice.

## (5) Islamic ideology of the individual

### ✦ QURAN

﴿وَلَقَدْ كَرَّمْنَا بَنِي آدَمَ وَحَمَلْنَاهُمْ فِي الْبَرِّ وَالْبَحْرِ وَرَزَقْنَاهُمْ مِّنَ الطَّيِّبَاتِ وَفَضَّلْنَاهُمْ عَلَى كَثِيرٍ مِّمَّنْ خَلَقْنَا تَفْضِيلًا﴾

*"And We have certainly honored the children of Adam and carried them on the land and sea and provided for them of the good things and preferred them over much of what We have created, with [definite] preference."*

(Al-Isra, Quran)

→ 'We have honoured the children of Adam' — the dignity of each person.

### ✦ QURAN

﴿كُلُّ نَفْسٍ بِمَا كَسَبَتْ رَهِينَةٌ﴾

*"Every soul, for what it has earned, will be retained."* (Al-Muddaththir, Quran)

→ 'Every soul is held in pledge for what it has earned' — personal responsibility.

### ✦ QURAN

﴿... لَا تَأْكُلُوا أَمْوَالَكُمْ بَيْنَكُمْ بِالْبَاطِلِ إِلَّا أَنْ تَكُونَ تِجَارَةً عَنْ تَرَاضٍ مِّنْكُمْ ...﴾

*"Do not consume one another's wealth unjustly, but only in lawful trade by mutual consent."* (An-Nisa, Quran)

→ 'Do not kill yourselves' — the body is a trust, not absolute property.

## ✦ HADITH

يَدُ اللَّهِ مَعَ الْجَمَاعَةِ

"The hand of Allah is with the community." (Al-Tirmidhi)

→ The individual **within** the community.

## ✦ HADITH

مَثَلُ الْمُؤْمِنِينَ ... مَثَلُ الْجَسَدِ

"The believers are like one body." (Muslim)

→ Individuals as **limbs of one body**.

Rights are joined with duties; worship itself — congregational prayer, Zakat, Hajj — develops the individual through the community.

## (6) The comparison

| Point             | Modern Western thought                                 | Islamic ideology                                    |
|-------------------|--------------------------------------------------------|-----------------------------------------------------|
| Centre of value   | The self                                               | Allah; the self as servant and khalifah             |
| Source of values  | Choice, reason, majority                               | Revelation, with reason and fitrah                  |
| Freedom           | Maximum; limited only by harm                          | Real, within the limits of Allah                    |
| Ownership of self | 'My body, my choice'                                   | Life and body a trust (amanah)                      |
| Rights and duties | Rights first                                           | Rights and duties together                          |
| Family            | One lifestyle among many                               | A sacred institution                                |
| Community         | Voluntary association                                  | The Ummah — one body                                |
| Accountability    | Law and conscience                                     | Law, conscience and the Hereafter                   |
| Result            | Creativity and liberty; but loneliness, family decline | Dignity with belonging; freedom with responsibility |

## (7) Iqbal's synthesis — Khudi and Bekhudi

## ✦ SCHOLARLY VIEW

Allama Muhammad Iqbal · Asrar-e-Khudi (1915); Rumuz-e-Bekhudi (1918)

Iqbal taught that the individual must develop his **khudi** (selfhood) through faith and action, but reaches fulfilment only in the **millat** (community): 'Fard qaim rabt-e-millat se hai, tanha kuch nahin / Mauj hai darya mein aur bairun-e-darya kuch nahin'.

→ The **wave and the river**.

## (8) The trend among Muslims

Social media and globalisation are spreading individualism among Muslim youth. The answer is not to crush individuality but to root it in faith and community.

**(8a) The evidence of consequences**

| Area          | What extreme individualism has produced                                                  |
|---------------|------------------------------------------------------------------------------------------|
| Family        | Fewer and later marriages; high divorce; many children with one parent                   |
| Old age       | The elderly alone; the US Surgeon General declared a 'loneliness epidemic' (2023)        |
| Mental health | Rising anxiety and depression among the young                                            |
| Community     | Decline of neighbourhood and voluntary ties (Robert Putnam, <i>Bowling Alone</i> , 2000) |
| Morality      | Relativism — no shared standard of right and wrong                                       |

**(8b) What Islam appreciates in Western individuality**

Respect for personal dignity, freedom of conscience, privacy, initiative and the rule of law — all taught by Islam itself (Al-Isra 70; Al-Baqarah 256; An-Nur 27). The difference is not in valuing the person, but in **where the person's value comes from** and **what limits his freedom**.

**(8c) The trend among Pakistani youth**

Social media, Western entertainment and urban life are spreading individualism among the young: less time with family, choices made without consulting elders, identity built on online image. The remedy is not to suppress individuality but to connect it to **faith (khudi)** and **community (bekhudi)** — through family time, mosque and youth programmes, and education that builds both confidence and responsibility.

**(9) Conclusion**

## ✦ QURAN

﴿أَفَرَأَيْتَ مَنِ اتَّخَذَ إِلَٰهَهُ هَوَاهُ وَأَضَلَّهُ اللَّهُ عَلَىٰ عِلْمٍ وَخَتَمَ عَلَىٰ سَمْعِهِ ۖ وَقَلَٰبَهُ ۖ وَجَعَلَ عَلَىٰ بَصَرِهِ ۖ غِشَاوَةً ۖ فَمَنْ يَهْدِيهِ مِنْ بَعْدِ ٱللَّهِ ۚ أَفَلَا تَذَكَّرُونَ﴾

“Have you seen he who has taken as his god his [own] desire, and Allah has sent him astray due to knowledge and has set a seal upon his hearing and his heart and put over his vision a veil? So who will guide him after Allah? Then will you not be reminded.” (Al-Jathiyah, Quran)

→ 'Have you seen the one who takes his own desire as his god?'

Western individualism frees the self but often leaves it alone; Islamic ideology honours the self and places it within family and Ummah under Allah. The Islamic balance — Iqbal's khudi within bekhudi — is the answer to the loneliness of the modern age.

## Why this answer scores

- A clear **definition** separates individuality from individualism.
- **Present trends** are shown with evidence (loneliness ministers).
- A **nine-row comparison table** and Iqbal's synthesis give depth.

## Answer 3 · Contemporary Challenges of the Muslim World and Their Solutions (CSS 2016)

THE QUESTION · CSS 2016 · Q8 · 20 marks

**What are the contemporary challenges of Muslim world? Suggest its solutions in the light of Quran and Sunnah?**

*Challenges grouped into eight; solutions matched to each with a verse or hadith.*

**Figure 6** · The answer map: every branch is one numbered heading of the model answer below.

### Decoding the question

- **'Contemporary challenges'** — today's problems, grouped, with facts.
- **'Solutions in the light of Quran and Sunnah'** — each solution must carry a **verse or hadith**, plus a practical step.

## The model answer

### (1) Introduction

The Muslim world has about **two billion** people, **57** states, vast energy reserves and a strategic location from Morocco to Indonesia. Yet it contributes far less than its share to world knowledge, wealth and power, and many of its people suffer war, poverty and occupation. Its challenges are internal and external; the Quran and Sunnah offer the way out.

Figure 7 · The eight groups of challenges.

### (2) The contemporary challenges

#### (i) Political

- **Disunity** between Muslim states; an OIC unable to act together.
- **Authoritarianism and weak institutions** — little accountability.
- **Occupation and war** — **Palestine** (war in Gaza since October 2023, more than 60,000 killed by mid-2025, Gaza health authorities); **Kashmir** (special status revoked on 5 August 2019); civil wars in **Syria, Yemen, Sudan, Libya**.

#### (ii) Economic

Poverty and inequality; debt and IMF dependence; reliance on oil or remittances; youth unemployment; intra-OIC trade only about a fifth of members' trade.

#### (iii) Educational and scientific

Low literacy in several countries (Pakistan about 60 percent); research spending well under 1 percent of GDP in most; **brain drain** — over 800,000 Pakistanis went abroad for work in 2023.

#### (iv) Security

Extremism and terrorism — killing Muslims more than anyone; millions of **refugees** (Syria, Afghanistan, Sudan, the **Rohingya**, over 700,000 of whom fled in 2017).

**(v) Social**

**Sectarianism**; drug abuse; family breakdown; corruption.

**(vi) Cultural and ideological**

Western media shaping youth; identity crisis; materialism; the gap between religious and modern education.

**(vii) External**

**Islamophobia**; **double standards** in international law.

**(viii) Environmental**

Water scarcity; climate change — Pakistan, with under 1 percent of global emissions, suffered the **2022 floods** that affected about **33 million** people.

**(3) The solutions in the light of the Quran and Sunnah****(i) Unity**

Disputed since **1947**; **UNSC Resolution 47 (1948)** — a plebiscite never held; **5 August 2019** — India revoked Articles 370 and 35-A; the OIC Contact Group on Kashmir continues to raise the issue.

**(3b) The role of the OIC and of Pakistan**

The OIC has the numbers (57 states) but lacks binding power; it must become an instrument of **collective action**. Pakistan — an OIC founder, the only Muslim nuclear power, host of millions of Afghan refugees and a leading UN peacekeeper — can lead by example: stability, good governance and mediation between Muslim states.

## ✦ QURAN

→ If two groups of believers fight, **make peace between them** — with justice.

'Afrad ke hathon mein hai aqwam ki taqdeer / Har fard hai millat ke muqaddar ka sitara' — the destiny of nations lies in the hands of individuals; each individual is a star of the nation's fate.

→ Revival begins with **individuals**.

The challenges of the Muslim world — political, economic, intellectual, social and external — are serious but not permanent. The Quran and Sunnah give both the diagnosis (disunity, injustice, ignorance) and the cure (unity, justice, knowledge, strength and self-reform). The Ummah that led the world once can do so again.

**Why this answer scores**

- **Eight groups** of challenges with **current facts**.

- **Ten solutions**, each with a **verse or hadith** and a **practical step** — 'in the light of the Quran and Sunnah'.
- A figure and Iqbal's verse frame the answer.

## Answer 4 · Islam's Teachings on Co-existence in a Multi-faith Society (CSS 2021)

THE QUESTION · CSS 2021 · Q4 · 20 marks

**Comment on the teachings of Islam regarding co-existence in a multi-faith society.**

*Principles from the Quran, the Prophetic model, history, modern declarations, Pakistan — and the limit: co-existence is not syncretism.*

**Figure 9** · The answer map: every branch is one numbered heading of the model answer below.

### Decoding the question

- **'Comment'** — present the teachings **and** your judgement: their relevance, and the gap in practice.
- **'Multi-faith society'** — both Muslim-majority states with minorities and Muslims living as minorities.

### The model answer

#### (1) Introduction

Most societies today are **multi-faith**: Pakistan has Hindus, Christians and Sikhs; about a third of the world's Muslims live as minorities. How people of different faiths live together is one of the great questions of the age. Islam answered it fourteen centuries ago: **co-existence** — **ta'ayush** (تَعَايُش) — peace, justice and respect with difference, without merging beliefs.

## (2) The Quranic principles

### (i) Diversity is Allah's will

#### ✦ QURAN

﴿وَأَنْزَلْنَا إِلَيْكَ الْكِتَابَ بِالْحَقِّ مُصَدِّقًا لِمَا بَيْنَ يَدَيْهِ مِنَ الْكِتَابِ وَمُهَيْمِنًا عَلَيْهِ...﴾

“And We have revealed to you the Book in truth, confirming the Scripture that came before it and as a criterion (muhymin) over it.” (Al-Ma'idah, Quran)

→ Had Allah willed, He would have made you **one community**; but He tests you in what He has given you — so **compete in good deeds**.

#### ✦ QURAN

﴿وَلَوْ شَاءَ رَبُّكَ لَأَمَنَّ مِنَ فِي الْأَرْضِ كُلُّهُمْ جَمِيعًا أَفَأَنْتَ تُكْرِهُ النَّاسَ حَتَّى يَكُونُوا مُؤْمِنِينَ﴾

“And had your Lord willed, those on earth would have believed - all of them entirely. Then, [O Muhammad], would you compel the people in order that they become believers.” (Yunus, Quran)

→ Had your Lord willed, all on earth would have believed; **would you compel people until they become believers?**

### (ii) No compulsion — freedom of belief

#### ✦ QURAN

﴿لَا إِكْرَاهَ فِي الدِّينِ قَدْ تَبَيَّنَ الرُّشْدُ مِنَ الْغَيِّ...﴾

“There is no compulsion in religion; the right course has become clear from the wrong.” (Al-Baqarah, Quran)

→ **No compulsion in religion.**

#### ✦ QURAN

﴿لَكُمْ دِينُكُمْ وَلِيَ دِينِ﴾

“For you is your religion, and for me is my religion.” (Al-Kafirun, Quran)

→ **'For you your religion, and for me mine.'**

### (iii) Justice and kindness to peaceful non-Muslims

#### ✦ QURAN

﴿لَا يَنْهَى اللَّهُ عَنِ الَّذِينَ لَمْ يُقَاتِلُوكُمْ فِي الدِّينِ وَلَمْ يُخْرِجُوكُمْ مِنْ دِيَارِكُمْ أَنْ تَبَرُّوهُمْ وَتُقْسِطُوا إِلَيْهِمْ إِنَّ اللَّهَ يُحِبُّ الْمُقْسِطِينَ﴾

“Allah does not forbid you from those who do not fight you because of religion and do not expel you from your homes - from being righteous toward them and acting justly toward them. Indeed, Allah loves those who act justly.” (Al-Mumtahanah, Quran)

→ Allah does not forbid you **kindness and justice** to those who do not fight you because of religion or expel you from your homes.

**(iv) Respect for what others hold sacred**

## ✦ QURAN

﴿وَلَا تَسُبُّوا الَّذِينَ يَدْعُونَ مِنْ دُونِ اللَّهِ فَيَسُبُّوا اللَّهَ عَدْوًا بِغَيْرِ عِلْمٍ...﴾

*"Do not insult those they invoke besides Allah, lest they insult Allah in enmity, without knowledge."* (Al-An'am, Quran)

→ 'Do not insult those they invoke besides Allah, lest they insult Allah in ignorance.'

**(v) Dialogue in the best manner**

## ✦ QURAN

﴿وَلَا تُجَادِلُوا أَهْلَ الْكِتَابِ إِلَّا بِالَّتِي هِيَ أَحْسَنُ...﴾

*"And do not argue with the People of the Scripture except in the way that is best."* (Al-Ankabut, Quran)

→ 'Do not argue with the People of the Scripture except in the way that is best.'

## ✦ QURAN

﴿قُلْ يَا أَهْلَ الْكِتَابِ تَعَالَوْا إِلَى كَلِمَةٍ سَوَاءٍ بَيْنَنَا وَبَيْنَكُمْ أَلَّا نَعْبُدَ إِلَّا اللَّهَ وَلَا نُشْرِكَ بِهِ شَيْئًا وَلَا يَتَّخِذَ بَعْضُنَا بَعْضًا أَرْبَابًا مِنْ دُونِ اللَّهِ...﴾

*"Say: O People of the Scripture, come to a word common between us and you: that we worship none but Allah, associate nothing with Him, and that none of us take others as lords besides Allah."* (Aal-e-Imran, Quran)

→ 'Come to a word common between us and you.'

**(vi) Protection of all places of worship**

## ✦ QURAN

﴿... وَلَوْلَا دَفْعُ اللَّهِ النَّاسَ بَعْضَهُمْ بِبَعْضٍ لَهْجَمَتْ صُومُعٌ وَبَيْعٌ وَصَلَوْتُ وَمَسْجِدٌ يُذَكَّرُ فِيهَا اسْمُ اللَّهِ كَثِيرًا...﴾

*"Were it not that Allah checks some people by means of others, monasteries, churches, synagogues and mosques — in which Allah's name is much mentioned — would have been demolished."* (Al-Hajj, Quran)

→ Were it not for Allah's check, **monasteries, churches, synagogues and mosques** would be destroyed.

**(vii) One human family**

## ✦ QURAN

﴿يَا أَيُّهَا النَّاسُ إِنَّا خَلَقْنَاكُمْ مِنْ ذَكَرٍ وَأُنْثَىٰ وَجَعَلْنَاكُمْ شُعُوبًا وَقَبَائِلَ لِتَعَارَفُوا إِنَّ أَكْرَمَكُمْ عِنْدَ اللَّهِ أَتَقَىٰكُمْ إِنَّ اللَّهَ عَلِيمٌ خَبِيرٌ﴾

*"O mankind, indeed We have created you from male and female and made you peoples and tribes that you may know one another. Indeed, the most noble of you in the sight of Allah is the most righteous of you. Indeed, Allah is Knowing and Acquainted."* (Al-Hujurat, Quran)

→ Nations and tribes were made **to know one another**.

**(3) The Prophetic model**

- **The Charter of Madinah (622)** — Muslims, Jews and Arab clans as one political community: 'to the Jews their religion, to the Muslims theirs'.
- **The Najran treaty** — Christians' churches, clergy and property protected; they prayed in the Prophet's ﷺ mosque.
- **Personal conduct** — he visited a sick Jewish boy; stood for a Jewish funeral ('Is it not a soul?' — Al-Bukhari and Muslim); traded with Jews and died with his armour pledged to one.
- **The rights of non-Muslim citizens:**

## ✦ HADITH

أَلَا مَنْ ظَلَمَ مَعَاهِدًا، أَوْ انْتَقَصَهُ، أَوْ كَلَّفَهُ فَوْقَ طَاقَتِهِ، أَوْ أَخَذَ مِنْهُ شَيْئًا بِغَيْرِ طِيبِ نَفْسٍ، فَأَنَا حَجِيجُهُ يَوْمَ الْقِيَامَةِ

*"Whoever wrongs a non-Muslim under covenant, belittles him, burdens him beyond his capacity or takes anything from him without his consent — I will argue against him on the Day of Resurrection."* (Abu Dawud)

## ✦ HADITH

مَنْ قَتَلَ مَعَاهِدًا لَمْ يَرِحْ رَائِحَةَ الْجَنَّةِ

*"Whoever kills a non-Muslim under covenant will not smell the fragrance of Paradise."* (Al-Bukhari)

- **Muslims as a minority — Abyssinia:** the Muslims lived loyally and truthfully under a just Christian king.

**(4) The historical record**

**Umar (RA)** guaranteed the churches of Jerusalem (638) and prayed outside the Holy Sepulchre; **Muhammad bin Qasim** protected temples in Sindh (712); Jews and Christians held office in **Cordoba**; the **Ottoman millet system** let each community govern its own religious affairs.

**(5) Modern Muslim declarations**

- **The Amman Message (2004)** — against extremism and takfir.
- **A Common Word (2007)** — 138 scholars: love of God and neighbour.
- **The Marrakesh Declaration (2016)** — the rights of religious minorities in Muslim lands, based on the Charter of Madinah.

- **The Document on Human Fraternity** (Abu Dhabi, 2019) — the Grand Imam of Al-Azhar and Pope Francis.

## (6) Co-existence in Pakistan

- **Constitution:** Article **20** (religious freedom), **22** (educational safeguards), **36** (protection of minorities); reserved seats.
- **The Quaid, 11 August 1947:** 'You are free to go to your temples ... mosques or any other place of worship.'
- **Kartarpur Corridor** (November 2019) — visa-free access for Sikh pilgrims.
- **Paigham-e-Pakistan** (2018) — scholars of all schools against violence.

### PAKISTAN · THE GAP AND THE REMEDY

Hate speech, mob violence over blasphemy allegations and complaints of forced conversions contradict the teachings above. **Remedy:** strict rule of law against mobs; a curriculum that teaches the Charter of Madinah and the rights of the mu'ahad; interfaith councils; the ulema's leadership against incitement.

## (7) Muslims as minorities

Keep lawful covenants (Al-Isra 34); preserve identity; contribute to society — 'the best of people are those most beneficial to people' (Al-Tabarani); seek rights through law; invite by example, as in Abyssinia.

## (8) The limit — co-existence is not syncretism

Surah **Al-Kafirun** both protects others' freedom and keeps Muslim belief distinct. Islam asks for **peace with difference**, not the merging of faiths.

### (8a) The rights of non-Muslims in an Islamic state — the list

Life, property and honour; freedom of worship and of their places of worship; their own personal law in marriage and inheritance; equal justice in court (Ali (RA) lost his case to a non-Muslim before **Qadi Shurayh**); welfare from the treasury (Umar's stipend to an old Jew); protection from abuse and insult; representation in public life.

### (8b) The scholars

#### ✦ SCHOLARLY VIEW

**Imam Abu Yusuf** · Kitab al-Kharaj

The Hanafi chief justice instructed Caliph Harun al-Rashid to treat the non-Muslim citizens with gentleness, to tax them within their means, and to protect their lives and property as the Prophet ﷺ and the Caliphs had done.

→ Co-existence as **state law**.

#### ✦ SCHOLARLY VIEW

**Dr Muhammad Hamidullah** · The First Written Constitution in the World

Hamidullah showed that the Charter of Madinah created a plural political community — Muslims, Jews and pagans — with religious freedom and common defence: the first constitutional model of co-existence.

→ The **Charter as a model** for today.

Figure 10 · At a glance — co-existence — the names only. The detail is in the sections above.

## (9) Conclusion

Islam's teachings on co-existence are clear, practical and tested in history: diversity is Allah's will, faith cannot be forced, peaceful neighbours are owed justice and kindness, sacred things of others must not be insulted, and all houses of worship are protected. The challenge today is not in the teachings but in their **practice** — and a Pakistan that lives by them would be the strongest reply to Islamophobia abroad.

## Why this answer scores

- **Comment** — teachings plus judgement on practice (the Pakistan box).
- Evidence from **Quran, Sunnah, history and modern declarations** in order.
- Covers **both** Muslims with minorities and Muslims as minorities; states the **limit**.

## Answer 5 · Islamophobia Is a Sign of Extremism: Remedies (CSS 2021)

THE QUESTION · CSS 2021 · Q5 · 20 marks

**Islamophobia is a sign of extremism. Give suggestions for its remedy.**

*Define → forms → causes → why it is extremism (the cycle) → remedies at four levels.*

**Figure 11** · The answer map: every branch is one numbered heading of the model answer below.

### Decoding the question

- **'Islamophobia is a sign of extremism'** — agree, and explain **why** — it is itself an extremism, and it feeds and is fed by Muslim extremism.
- **'Suggestions for its remedy'** — practical measures at several levels, including what **Muslims** must do.

### The model answer

#### (1) Introduction

**Islamophobia** is the irrational fear of, prejudice against, or hostility towards Islam and Muslims, which leads to discrimination, exclusion and violence. The term was popularised by the British **Runnymede**

**Trust** report *Islamophobia: A Challenge for Us All* (1997). Since 2001 it has grown into a global problem — from mosque attacks in New Zealand to discriminatory laws in parts of Europe and India.

## (2) The forms of Islamophobia

- **Violence** — the **Christchurch** mosque attacks (**15 March 2019**), 51 worshippers killed.
- **Insult to the sacred** — cartoons of the Prophet ﷺ (Denmark, 2005; later France); public burnings of the Quran (Sweden and Denmark, 2023).
- **Discriminatory laws** — headscarf ban in French schools (2004), face-veil ban (2010), Swiss minaret ban (2009), India's Citizenship Amendment Act (2019).
- **Media and political hate** — stereotypes of Islam as violent; far-right campaigns.
- **Everyday discrimination** — in jobs, housing, airports and schools.
- **Mass persecution** — the Rohingya of Myanmar (2017).

## (3) The causes

- **Terrorism by a few** (9/11 and later attacks) exploited to blame all Muslims.
- **Media stereotypes** — 'Islam = terror'.
- **Orientalism** — centuries of hostile images (Edward Said, 1978).
- **Far-right politics** — fear of Muslims used for votes.
- **Huntington's 'clash of civilizations'** (1993/1996).
- **Migration and economic fears.**
- **Ignorance** of Islam.
- **Muslims' own failures** — extremism, sectarian violence, poor treatment of minorities.

## (4) Why Islamophobia is a sign of extremism

### (i) It is itself an extremist ideology

It judges almost two billion people by the crimes of a few, calls for their exclusion, and in its worst form kills them — the Christchurch attacker was driven by white-supremacist extremism.

**(ii) It forms a cycle with Muslim extremism**

Break it at every point: condemn terror · fair media · education · law against hate · inclusion · Muslim conduct (Fussilat 34)

Figure 12 · The cycle of extremisms: each feeds the other.

Terror attacks → fear → discrimination → alienation of Muslims → recruitment by extremists → more attacks. **Each extremism needs the other.**

**(iii) It violates the principle of personal responsibility**

## ✦ QURAN

﴿... وَلَا تَزِرُ وَازِرَةٌ وِزْرَ أُخْرَىٰ ...﴾

"No bearer of burdens shall bear the burden of another." (Al-An'am, Quran)

→ 'No bearer of burdens shall bear the burden of another.'

## ✦ QURAN

﴿... وَلَا يَجْرِمَنَّكُمْ شَنَاٰنُ قَوْمٍ عَلَىٰٓ أَلَّا تَعْدِلُوا ۖ أَعْدِلُوا هُوَ أَقْرَبُ لِلتَّقْوَىٰ ...﴾

"Do not let the hatred of a people lead you to be unjust. Be just; that is nearer to righteousness." (Al-Ma'idah, Quran)

→ 'Do not let the hatred of a people lead you to injustice.'

Collective blame is the mark of every extremism — and is condemned by the Quran.

**(5) Suggestions for its remedy****(i) International measures**

- **UN General Assembly Resolution 76/254 (15 March 2022)** — declared **15 March** the **International Day to Combat Islamophobia**, on a resolution tabled by **Pakistan on behalf of the OIC**.

- **UNGA Resolution 78/264** (2024) — 'Measures to combat Islamophobia', calling for a **UN Special Envoy**.
- **The OIC** — its Islamophobia Observatory and diplomacy.

### (ii) Legal measures

Hate-crime and hate-speech laws; protection of places of worship; international norms against the deliberate insult of religious symbols, balanced with free speech.

### (iii) Education and dialogue

Teaching about Islam in schools; interfaith programmes — **A Common Word** (2007), the **Document on Human Fraternity** (2019); academic and youth exchanges.

### (iv) Media

Muslim journalists, writers and film-makers presenting the real Islam; challenging stereotypes; responsible reporting guidelines.

### (v) What Muslims must do — the most powerful remedy

#### ✦ QURAN

﴿وَلَا تَسْتَوِي الْحَسَنَةُ وَلَا السَّيِّئَةُ ادْفَعْ بِالَّتِي هِيَ أَحْسَنُ فَإِذَا الَّذِي بَيْنَكَ وَبَيْنَهُ عَدَاوَةٌ كَأَنَّهُ وَلِيٌّ حَمِيمٌ﴾

"And not equal are the good deed and the bad. Repel [evil] by that [deed] which is better; and thereupon the one whom between you and him is enmity [will become] as though he was a devoted friend." (**Fussilat, Quran**)

→ 'Repel evil with what is better; then your enemy will become as a devoted friend.'

#### ✦ QURAN

﴿ادْعُ إِلَى سَبِيلِ رَبِّكَ بِالْحُكْمَةِ وَالْمَوْعِظَةِ الْحَسَنَةِ وَجِدِلْهُمْ بِالَّتِي هِيَ أَحْسَنُ ...﴾

"Invite to the way of your Lord with wisdom and good instruction, and argue with them in the way that is best." (**An-Nahl, Quran**)

→ Invite **with wisdom and good instruction**, and argue in the best way.

- **Condemn terrorism** clearly and consistently.
- **Protect minorities** in Muslim countries — rights demanded abroad must be given at home.
- **Contribute** — Muslims in the West as doctors, teachers, volunteers; mosques as open community centres.
- **Answer insult the Prophetic way** — lawful, collective, diplomatic protest; dignity, not violence.

#### ✦ QURAN

﴿إِنَّا كَفَيْنَاكَ الْمُسْتَهْزِئِينَ﴾

"Indeed, We are sufficient for you against the mockers." (**Al-Hijr, Quran**)

→ 'We are sufficient for you against the mockers.'

### (vi) Learning from Christchurch

New Zealand's response — solidarity, the adhan broadcast nationally, women wearing headscarves in sympathy, and swift gun-law reform — showed that societies can defeat Islamophobia together.

### (5a) Pakistan's role against Islamophobia

- Tabled **Resolution 76/254 (2022)** at the UN on behalf of the OIC.
- After the Quran burnings of **2023**, led the OIC call in the **UN Human Rights Council**, which adopted a resolution against religious hatred.
- Works with the OIC for a **UN Special Envoy** (Resolution 78/264, 2024).
- At home, Pakistan's own record on minorities is its **strongest or weakest argument** — the rights it demands for Muslims abroad must be given to minorities at home.

### (5b) The role of the Muslim diaspora

Muslims in the West answer hostility with contribution: doctors on the front line of COVID-19, mosques running food banks, athletes, writers and politicians changing perceptions. After Christchurch, New Zealand's solidarity — the adhan broadcast nationally, women wearing headscarves in sympathy — showed that a society united against hate can defeat Islamophobia.

Figure 13 · At a glance — islamophobia — the names only. The detail is in the sections above.

### (6) Conclusion

#### ✦ HADITH

خَيْرُ النَّاسِ أَنْفَعُهُمْ لِلنَّاسِ

"The best of people are those most beneficial to people." (Al-Tabarani)

Islamophobia is indeed a sign of extremism — an extremism in itself and a partner of Muslim extremism in a cycle of hatred. It must be answered by international law and education, and above all by Muslims who show, through justice and service, what Islam really is.

### Why this answer scores

- It **proves the claim** three ways — ideology, cycle, collective guilt.
- **Remedies at four levels**, with UN resolution numbers and dates.
- Balanced: it asks Muslims to fix their own failures too.

## Answer 6 · The Reconstruction of Pakistani Society in the Light of Islamic Teachings (CSS 2022)

THE QUESTION · CSS 2022 · Q7 · 20 marks

Explain the Reconstruction of Pakistani Society in the light of Islamic Teachings.

The purpose and problems, then area-by-area reconstruction with Quranic evidence, the Madinah model and a staged roadmap.

Figure 14 · The answer map: every branch is one numbered heading of the model answer below.

### Decoding the question

- '**Reconstruction**' — rebuilding the whole society: individual, family, institutions, economy and values.
- '**In the light of Islamic teachings**' — every area supported by Quran, Sunnah and the Madinah model.
- A strong answer shows **why** reconstruction is needed (problems with data) and **how** (areas and roadmap).

### The model answer

#### (1) Introduction

Pakistan was created in the name of Islam. The Quaid said:

#### ✦ SCHOLARLY VIEW

**Quaid-e-Azam Muhammad Ali Jinnah** · Islamia College, Peshawar, 13 January 1948

Pakistan was not demanded merely to have a piece of land, but to have a laboratory where Islamic principles could be tried out.

→ The **purpose**.

Seventy-eight years later, Pakistan faces corruption, injustice, poverty, sectarianism and moral decline. **Reconstruction** means rebuilding its individuals, families, institutions and economy on the principles for which it was founded.

### (2) The constitutional foundation

- **Objectives Resolution (1949)** — sovereignty belongs to Allah; Muslims to live by Islam; minorities protected — now **Article 2A**.
- **Article 31** — enable Muslims to live according to Islam.
- **Articles 37–38** — social justice and the people's well-being.
- **Article 227** — no law repugnant to the Quran and Sunnah; the **Council of Islamic Ideology** and the **Federal Shariat Court** (1980).

### (5b) The vision of Iqbal and the Quaid

#### ♦ SCHOLARLY VIEW

**Allama Muhammad Iqbal** · Allahabad Address, 1930

Iqbal saw in a Muslim state the chance for Islam to mobilise its law, education and culture and bring them into closer contact with its own original spirit and with the spirit of modern times.

→ Reconstruction as **renewal**, not mere return.

#### ♦ SCHOLARLY VIEW

**Quaid-e-Azam Muhammad Ali Jinnah** · Karachi, 25 January 1948

The Quaid said that Islamic principles are as applicable to life today as they were 1,300 years ago, and that Pakistan's Constitution would embody them.

→ Islam as a **living guide**.

### (7) Conclusion

#### ♦ HADITH

كُلُّكُمْ رَاعٍ وَكُلُّكُمْ مَسْئُولٌ عَنْ رَعِيَّتِهِ

"Each of you is a shepherd, and each of you is responsible for his flock." (Al-Bukhari and Muslim)

The reconstruction of Pakistani society in the light of Islam means building **good individuals, strong families, just institutions and a fair economy** on the model of Madinah. The Constitution already provides the framework; what is needed is sincere implementation — by the state, the ulema, teachers, media and every citizen.

### Why this answer scores

- It shows **why** (problems with data) and **how** (eleven areas), each with a verse or hadith.
- The **Madinah model table** and **roadmap** make it concrete.
- Constitutional references and current data give **Pakistan-specific depth**.

## Answer 7 · Muslim Views of Western Civilization — Identified and Analysed (CSS 2025)

THE QUESTION · CSS 2025 · Q8 · 20 marks

What views are found in today's Muslim circles about Western Civilization? Identify and analyze them.

*Six views on a spectrum; each analysed; then a comparison table and the Quranic middle.*

Figure 16 · The answer map: every branch is one numbered heading of the model answer below.

### Decoding the question

- **'Identify'** — name each view clearly, with its advocates.
- **'Analyse'** — for each: its reasoning, **strengths and weaknesses**; then compare and conclude.
- **'Today's Muslim circles'** — include present-day forms, including in Pakistan.

### The model answer

#### (1) Introduction

Western civilization presents Muslims with a double face: it is the source of **modern science, technology, democracy and human rights**, and also the former **coloniser** and bearer of **secularism, materialism and permissiveness**. Muslim responses therefore range from total rejection to total imitation, with several positions between.

The balanced view: 'Wisdom is the lost property of the believer' — take it wherever found; reject what contradicts revelation.

Figure 17 · Muslim views of the West on a spectrum, with synthesis at the centre.

## (2) View 1 — Total rejection

**The view:** Western civilization is corrupt and hostile; reject its education, systems and culture.

**Its roots:** the trauma of colonialism; after 1857 some Muslims refused English education and government service.

**Analysis:**

- *Strength:* protects faith and identity; rightly exposes Western moral decline.
- *Weakness:* isolates Muslims from science; contradicts the Quranic method —

### ✦ QURAN

﴿الَّذِينَ يَسْتَمِعُونَ الْقَوْلَ فَيَتَّبِعُونَ أَحْسَنَهُ أُولَئِكَ الَّذِينَ هَدَاهُ اللَّهُ وَأُولَئِكَ هُمْ أُولُوا الْأَلْبَابِ﴾

"Who listen to speech and follow the best of it. Those are the ones Allah has guided, and those are people of understanding." (Az-Zumar, Quran)

→ Those who listen to speech and **follow the best of it** — they are the ones Allah has guided.

It left Indian Muslims behind in education in the 19th century — the problem Sir Syed set out to solve.

## (3) View 2 — Total acceptance (Westernisation)

**The view:** progress requires copying the West entirely — law, dress, values and a secular state.

**Advocates:** **Mustafa Kemal Atatürk** — abolished the Caliphate (1924) and the Arabic script (1928); **Taha Husayn** — *The Future of Culture in Egypt* (1938).

**Analysis:**

- *Strength:* openness to science, education and modern administration.
- *Weakness:* loss of identity; an elite cut off from the believing masses; imitation did not bring equal power.

#### (4) View 3 — Synthesis (reform)

**The view:** take the West's science, technology and good systems; keep Islam's beliefs and values; use *ijtihad*.

**Advocates:** Sir Syed Ahmad Khan (Aligarh, 1875), Jamal al-Din al-Afghani, Muhammad Abduh, Allama Iqbal.

##### ✦ SCHOLARLY VIEW

Allama Muhammad Iqbal · Preface to The Reconstruction of Religious Thought in Islam

The only course open to Muslims is to approach modern knowledge with a respectful but independent attitude.

→ The **key sentence** of the synthesis.

##### Analysis:

- *Strength:* balanced, practical, faithful to Islam's own history of learning from others.
- *Weakness:* the line between 'science' and 'values' is not always clear; needs strong scholars and institutions.

#### (5) View 4 — Critical engagement

**The view:** study the West deeply and criticise it on its own ground — its materialism, environmental destruction and spiritual emptiness — offering Islam as an alternative civilization.

**Advocates:** Muhammad Asad, *Islam at the Crossroads* (1934); Seyyed Hossein Nasr, *Man and Nature* (1968); Iqbal's poetry.

##### ✦ SCHOLARLY VIEW

Allama Muhammad Iqbal · Bal-e-Jibril

'Khira na kar saka mujhe jalwa-e-danish-e-farang / Surma hai meri aankh ka khak-e-Madina-o-Najaf' — the glitter of Western learning could not dazzle me; the dust of Madinah and Najaf is the collyrium of my eyes.

→ Learning **without being blinded**.

##### Analysis:

- *Strength:* intellectual depth; a positive alternative.
- *Weakness:* can remain theoretical unless joined to practical reform.

#### (6) View 5 — Dialogue and co-existence

**The view:** Islam and the West share monotheistic roots and values; they should cooperate on common problems and resolve differences through dialogue.

##### ✦ QURAN

﴿قُلْ يَٰٓأَهْلَ ٱلْكِتَٰبِ تَعَالَوْا۟ إِلَىٰ كَلِمَةٍ سَوَآءٍ بَيْنَنَا وَبَيْنَكُمْ أَلَّا نَعْبُدَ إِلَّا ٱللَّهَ وَلَا نُشْرِكَ بِهِۦ شَيْئًا وَلَا يَتَّخِذَ بَعْضُنَا بَعْضًا أَرْبَابًا مِّن دُونِ ٱللَّهِ...﴾

"Say: O People of the Scripture, come to a word common between us and you: that we worship none but Allah, associate nothing with Him, and that none of us take others as lords besides Allah." (Aal-e-Imran, Quran)

→ 'Come to a word common between us and you.'

**Examples:** the **Amman Message** (2004); **A Common Word** (2007); the **Document on Human Fraternity** (2019).

**Analysis:**

- *Strength:* reduces conflict and Islamophobia; Quranic in method.
- *Weakness:* dialogue without justice — in Palestine and Kashmir — loses credibility.

### (7) View 6 — The conspiracy view

**The view:** every Muslim problem is a Western conspiracy.

**Analysis:**

- *Strength:* it sees real injustices — colonialism, wars, double standards.
- *Weakness:* it breeds passivity and hides our own failures —

#### ✦ QURAN

﴿... إِنَّ اللَّهَ لَا يُغَيِّرُ مَا بِقَوْمٍ حَتَّى يُغَيِّرُوا مَا بِأَنْفُسِهِمْ...﴾

“Indeed, Allah will not change the condition of a people until they change what is in themselves.” (Ar-Ra'd, Quran)

→ Allah does not change a people **until they change what is in themselves**.

### (8) The comparative analysis

| View                | Advocates                       | Strength           | Weakness                |
|---------------------|---------------------------------|--------------------|-------------------------|
| Rejection           | Post-1857 conservatives         | Identity           | Backwardness            |
| Westernisation      | Atatürk; Taha Husayn            | Openness           | Loss of identity        |
| Synthesis           | Sir Syed; Afghani; Abduh; Iqbal | Balance            | Hard line to draw       |
| Critical engagement | Asad; Nasr                      | Depth; alternative | Theoretical             |
| Dialogue            | Amman; Common Word              | Peace              | Ignored without justice |
| Conspiracy          | Popular media                   | Sees injustice     | Passivity               |

### (9) The views in Pakistan today

All six can be heard: a small Westernised elite; conservative voices; a large middle class seeking modern education with Islamic values (**synthesis**); and a loud conspiracy discourse. The **Constitution** itself reflects synthesis — democratic forms (parliament, fundamental rights) under the sovereignty of Allah and **Article 227**.

### (10) The balanced Islamic position

#### ✦ QURAN

﴿وَكَذَلِكَ جَعَلْنَاكُمْ أُمَّةً وَسَطًا لِتَكُونُوا شُهَدَاءَ عَلَى النَّاسِ وَيَكُونَ الرَّسُولُ عَلَيْكُمْ شَهِيدًا...﴾

“And thus We have made you a middle (just) nation, that you may be witnesses over mankind and the Messenger a witness over you.” (Al-Baqarah, Quran)

→ 'We have made you a middle nation.'

Take **science, technology, administration and rights**; reject **secularism, materialism, permissiveness and riba**; engage in **dialogue**; and **reform ourselves** so that Muslims again contribute to world civilization.

### (10a) Why each view arose — the historical context

- **Rejection** arose from the humiliation of colonialism and the fear of losing faith.
- **Westernisation** arose from military defeat — elites concluded that Europe's power came from its whole way of life.
- **Synthesis** arose from reformers who saw that Muslims needed science but not a new religion.
- **Critical engagement** arose in the 20th century as the West's own crises (world wars, environmental damage, loneliness) became clear.
- **Dialogue** arose after 9/11 and the 'clash of civilizations' thesis, to prevent conflict.
- **Conspiracy** thinking arose from real injustices combined with a lack of self-criticism.

### (10b) Which view is growing

Among educated young Muslims, the **synthesis** and **critical engagement** views are growing — they want Western education and technology but are increasingly critical of Western materialism and double standards (Gaza has sharpened this). The task of Muslim scholars is to give this generation a confident, well-argued Islamic framework.

| Muslim views of the West — the names only |                                                 |                    |
|-------------------------------------------|-------------------------------------------------|--------------------|
| Extremes                                  | Centre                                          | Verdict            |
| rejection                                 | synthesis (Sir Syed, Afghani, Abduh, Iqbal)     | middle nation      |
| Westernisation (Atatürk, Taha Husayn)     | critical engagement (Asad, Nasr)                | follow the best    |
| conspiracy                                | dialogue (Amman, Common Word, Human Fraternity) | reject the harmful |
|                                           |                                                 | self-reform        |

**Figure 18** · At a glance — muslim views of the West — the names only. The detail is in the sections above.

### (11) Conclusion

Muslim circles hold six broad views of the West. Analysis shows that both extremes — rejection and imitation — have failed, and that the conspiracy view paralyses. The **synthesis**, sharpened by **critical engagement** and practised through **dialogue**, is the view most faithful to the Quran's 'middle nation' and most useful for Muslim revival.

### Why this answer scores

- It **identifies six views** with named advocates and dates.
- Each is **analysed** (strength and weakness), then compared in a table — the second limb fully answered.
- It ends with a **reasoned verdict** grounded in the Quran.

Figure 19 · The answer map: every branch is one numbered heading of the model answer below.

### Decoding the question

- '**Justification**' — why the theory was right: its basis and history.
- '**Demands**' — what the theory requires of Pakistan and Muslims **today**.
- '**In the light of the plight**' — use the condition of Indian and Kashmiri Muslims as **evidence** — factually.

## The model answer

### (1) Introduction

The **Two-Nation Theory — Du-Qaumi Nazariyah** — held that the Muslims and Hindus of the subcontinent were two separate nations, different in religion, culture, law and history, and that the Muslims needed a separate homeland to live by Islam. It was the ideological basis of Pakistan. Seventy-eight years later, the condition of India's Muslims and of Kashmir has become the strongest proof of its truth.

### (2) The Islamic basis

#### ✦ QURAN

﴿إِنَّمَا الْمُؤْمِنُونَ إِخْوَةٌ فَأَصْلِحُوا بَيْنَ أَخَوَيْكُمْ وَاتَّقُوا اللَّهَ لَعَلَّكُمْ تُرْحَمُونَ﴾

*"The believers are but brothers, so make settlement between your brothers. And fear Allah that you may receive mercy."* (Al-Hujurat, Quran)

→ 'The believers are but brothers' — Muslim nationhood rests on faith, not territory.

#### ✦ QURAN

﴿إِنَّ هَذِهِ أُمَّتُكُمْ أُمَّةً وَاحِدَةً وَأَنَا رَبُّكُمْ فَاعْبُدُونِ﴾

*"Indeed this, your religion, is one religion, and I am your Lord, so worship Me."* (Al-Anbiya, Quran)

→ 'This Ummah of yours is one Ummah.'

Islam is a complete way of life — law, family, economy and culture — which needs a state where Muslims can practise it fully.

### (3) The historical development

Figure 20 · The Two-Nation Theory — stated and confirmed.

- **Al-Biruni** (*Kitab al-Hind*, c. 1030) noted that Hindus and Muslims differed in religion, customs and manners.
- **Sir Syed Ahmad Khan** — after the **Urdu–Hindi controversy (1867)**, he spoke of Hindus and Muslims as **two nations**.
- **All-India Muslim League** (1906); separate electorates (1909).
- **Allama Iqbal, Allahabad (1930)** — a consolidated North-West Indian Muslim state.

#### ✦ SCHOLARLY VIEW

**Quaid-e-Azam Muhammad Ali Jinnah** · Presidential Address, Lahore, 22 March 1940

*"The Hindus and Muslims belong to two different religious philosophies, social customs, literatures. They neither intermarry nor interdine together and, indeed, they belong to two different civilizations which are based mainly on conflicting ideas and conceptions."*

### (4) The justification

- **Religious** — Islam is a complete system; Muslims need a state to live by it.
- **Cultural** — separate language, dress, food, festivals, calendar and heroes.
- **Historical** — a thousand years of separate identity.
- **Political** — under a permanent majority, Muslims would remain a permanent minority; the **Congress ministries (1937–39)** showed this, and Muslims observed the '**Day of Deliverance**' when they resigned (22 December 1939).
- **Economic** — Muslims were behind in education, jobs and trade.

### (5) The plight of Indian Muslims — the theory confirmed

India has about **200 million** Muslims (**14.2 percent**, Census 2011). Despite constitutional secularism:

| Year         | Event                                                                                      |
|--------------|--------------------------------------------------------------------------------------------|
| 1992         | <b>Babri Masjid</b> demolished; the <b>Supreme Court (2019)</b> gave the site for a temple |
| 2002         | <b>Gujarat riots</b> — over 1,000 killed, most of them Muslims (official figures)          |
| 2006         | <b>Sachar Committee</b> — Muslims behind in education, jobs and representation             |
| 2015 onwards | <b>Lynchings</b> over cow-protection allegations                                           |
| 2019         | <b>Citizenship Amendment Act</b> — citizenship fast-tracked for non-Muslim migrants only   |
| 2022         | <b>Hijab ban</b> in Karnataka's schools                                                    |
| 2022 onwards | <b>'Bulldozer' demolitions</b> of Muslim homes and shops                                   |
| 2025         | <b>Waqf (Amendment) Act</b> — opposed by Muslim organisations                              |

The fears of 1940 — that a Muslim minority would be marginalised under a permanent majority — have been confirmed.

### (6) The plight of Kashmiri Muslims

- **1947** — accession against the will of the Muslim-majority population.
- **UN Security Council Resolution 47 (1948)** — a free and impartial **plebiscite**, never held.
- **1989 onwards** — heavy militarisation; **UN OHCHR reports (2018, 2019)** documented serious abuses.
- **5 August 2019** — India revoked **Articles 370 and 35-A**; a long blackout and mass detentions followed.
- **2020** — new **domicile rules** raised fears of demographic change.

## ✦ QURAN

﴿وَمَا لَكُمْ لَا تُقَاتِلُونَ فِي سَبِيلِ اللَّهِ وَالْمُسْتَضْعَفِينَ مِنَ الرِّجَالِ وَالنِّسَاءِ وَالْوِلْدَنِ...﴾

"What is wrong with you that you do not fight in the cause of Allah and for the oppressed among men, women and children?" (An-Nisa, Quran)

→ What is wrong with you that you do not act **for the oppressed men, women and children?**

## ✦ QURAN

﴿...وَأِنْ أَسْتَنْصَرُوكُمْ فِي الدِّينِ فَعَلَيْكُمْ النَّصْرُ...﴾

"And if they seek your help in the matter of religion, then it is your duty to help them." (Al-Anfal, Quran)

→ 'If they seek your help in the matter of religion, it is your duty to help them.'

## (7) The demands of the Two-Nation Theory today

- **(a) Protect Pakistan's ideology** — the Objectives Resolution (Article 2A).
- **(b) Make Pakistan a model** — justice, rule of law and prosperity; the best argument for the theory is a successful Pakistan.
- **(c) Protect Pakistan's own minorities** — Article 36 and the Quaid's 11 August 1947 promise — so that the theory stands for **justice**, not majoritarianism.
- **(d) Support the Kashmiris** — diplomatically and morally, through the UN resolutions and the OIC.
- **(e) Raise the rights of Indian Muslims** — through diplomacy and human-rights forums, respecting international law.
- **(f) National unity** — provinces and communities bound by Islam and equal rights.

## (8) The objections answered

- **'1971 disproved the theory.'** — It was a failure of **governance, justice and democracy**, not of Muslim identity; Bangladesh became a **separate Muslim-majority state**, not part of India.
- **'The 11 August speech contradicts it.'** — No: the theory **created** the state; the speech set how the state would **treat its citizens**. Justice to minorities is itself Islamic (the Charter of Madinah).

### (8a) Pakistan's diplomatic record on Kashmir

Pakistan has raised Kashmir at the **UN Security Council** (including sessions after August 2019), in the **UN Human Rights Council**, and through the **OIC Contact Group on Jammu and Kashmir**; it supports the Kashmiris' right of self-determination under the UN resolutions. The Quran's rule for such a cause is **justice and steadfastness**, not hatred:

## ✦ QURAN

﴿...وَلَا يَجْرِمَنَّكُمْ شَنَاٰنُ قَوْمٍ عَلَىٰ أَلَّا تَعْدِلُوا أَعْدِلُوا هُوَ أَقْرَبُ لِلتَّقْوَىٰ...﴾

"Do not let the hatred of a people lead you to be unjust. Be just; that is nearer to righteousness." (Al-Ma'idah, Quran)

→ Do not let the hatred of a people lead you to injustice — **be just; that is nearer to taqwa.**

### (8b) What the leaders said about the ideology of Pakistan

- **Quaid, Karachi (25 January 1948):** Islamic principles are 'as applicable to life today as they were 1,300 years ago'.
- **Liaquat Ali Khan (1949),** moving the Objectives Resolution: Pakistan was founded so that Muslims could order their lives according to Islam.
- **Iqbal (1930):** Islam as a 'people-building force' that had given the Muslims of India a separate identity.

### (9) Conclusion

#### ✦ SCHOLARLY VIEW

**Quaid-e-Azam Muhammad Ali Jinnah** · Aligarh, 8 March 1944

Pakistan came into being the day the first Hindu became a Muslim in India.

→ Nationhood rests on **faith**.

The plight of Indian and Kashmiri Muslims confirms the justification of the Two-Nation Theory. Its demands today are not hatred but **responsibility**: to make Pakistan a just, prosperous Islamic state, to protect its own minorities, and to stand by the Kashmiris and India's Muslims through law and diplomacy.

### Why this answer scores

- **Justification** and **demands** in separate headings; the **plight** used as evidence.
- Facts are stated **with dates and sources** — no abusive language.
- Objections (1971, 11 August) are **answered**, showing depth.

## Answer 9 · The West's Influence on Islamic Civilization and Measures to Protect Muslim Societies (CSS 2026)

THE QUESTION · CSS 2026 · Q4 · 20 marks

Explain how Western civilization has influenced Islamic civilization. Discuss the measures to protect Muslim societies from the negative impacts of Western culture.

Two limbs: influence (phases, gains, losses) and protective measures (nine).

Figure 22 · The answer map: every branch is one numbered heading of the model answer below.

### Decoding the question

- **Limb 1** — 'how ... has influenced' — explain the **process** (phases) and the **effects** (positive and negative); a one-sided answer loses marks.
- **Limb 2** — 'measures to protect ... from the negative impacts' — practical steps at several levels, with Islamic grounding.

### The model answer

#### (1) Introduction

For eight centuries Islamic civilization taught Europe; from the 16th century the roles reversed. Europe's scientific, industrial and colonial power made the West dominant, and the Muslim world came under its influence.

## ★ QURAN

﴿إِنْ يَمَسُّكُمْ فَرْحٌ فَقَدْ مَسَّ الْقَوْمَ مِثْلُهُ وَتِلْكَ الْأَيَّامُ نُدَاوِلُهَا بَيْنَ النَّاسِ وَلِيَعْلَمَ اللَّهُ الَّذِينَ ءَامَنُوا وَيَتَّخِذَ مِنْكُمْ شُهَدَاءَ وَاللَّهُ لَا يُحِبُّ الظَّالِمِينَ﴾

*"If a wound should touch you - there has already touched the [opposing] people a wound similar to it. And these days [of varying conditions] We alternate among the people so that Allah may make evident those who believe and [may] take to Himself from among you martyrs - and Allah does not like the wrongdoers."* (Aal-e-Imran, Quran)

→ 'These days (of fortune) We alternate among the people.'

## (2) How the West influenced Islamic civilization — the phases

| Phase                     | Period       | Key events                                                       |
|---------------------------|--------------|------------------------------------------------------------------|
| Colonial conquest         | 1757–1920    | Plassey (1757); Egypt (1798); Algeria (1830); 1857; Egypt (1882) |
| Ottoman collapse          | 1914–1924    | Sykes–Picot (1916); Balfour (1917); Caliphate abolished (1924)   |
| Post-colonial states      | 1945–1990    | Western constitutions, armies, bureaucracies; Cold War           |
| Globalisation and digital | 1990 onwards | IMF programmes; satellite TV; internet; social media             |

- **Science and technology** — medicine, engineering, communication, computing.
- **Modern education** — universities and laboratories; **Sir Syed's Aligarh (1875)** joined modern learning with Muslim identity.
- **Political systems** — constitutions, parliaments, written law, fundamental rights.
- **Reform and awakening** — Afghani, Abduh, Sir Syed and Iqbal called for revival.
- **Social progress** — girls' education, public health, awareness of rights.

#### (4) The negative influences

| GAINS — to accept (Az-Zumar 18: 'follow the best') | LOSSES — to resist                              |
|----------------------------------------------------|-------------------------------------------------|
| modern science, medicine, technology               | colonialism; borders; dependence                |
| printing, communication, internet                  | secularism, materialism, consumerism            |
| constitutionalism, rule-based administration       | individualism; family breakdown; permissiveness |
| mass education; women's schooling                  | inferiority complex; loss of language           |
| awareness of rights; reform movements              | debt, riba economy; brain drain                 |

- **Economic** — riba and debt:

##### ✦ QURAN

﴿... وَأَحَلَّ اللَّهُ الْبَيْعَ وَحَرَّمَ الرِّبَا...﴾

"Allah has permitted trade and forbidden riba (interest)." (Al-Baqarah, Quran)

→ 'Allah has permitted trade and forbidden riba.'

## (5) The measures to protect Muslim societies

### (i) The principle — selective acceptance

#### ✦ QURAN

﴿الَّذِينَ يَسْتَمِعُونَ الْقَوْلَ فَيَتَّبِعُونَ أَحْسَنَهُ أُولَئِكَ الَّذِينَ هَدَاهُمُ اللَّهُ وَأُولَئِكَ هُمْ أُولُوا الْأَلْبَابِ﴾

“Who listen to speech and follow the best of it. Those are the ones Allah has guided, and those are people of understanding.” (Az-Zumar, Quran)

→ Those who listen to speech and **follow the best of it** — they are the ones Allah has guided.

### (iii) Strengthen the family

Easy marriage, time with children, respect for elders — the family is the first defence of culture.

### (iv) Media and the digital space

Attractive content in Urdu and regional languages rooted in Islamic values; regulation of harmful content (PEMRA; PECA 2016); digital literacy for parents and children.

### (v) Language and identity

Promote **Urdu** (Article 251) and regional languages; Arabic for understanding the Quran.

### (vi) Economic independence

## ✦ QURAN

﴿وَلْتَكُنْ مِنْكُمْ أُمَّةٌ يَدْعُونَ إِلَى الْخَيْرِ وَيَأْمُرُونَ بِالْمَعْرُوفِ وَيَنْهَوْنَ عَنِ الْمُنْكَرِ وَأُولَٰئِكَ هُمُ الْمُفْلِحُونَ﴾

“And let there be [arising] from you a nation inviting to [all that is] good, enjoining what is right and forbidding what is wrong, and those will be the successful.” (Aal-e-Imran, Quran)

→ 'Let there be among you a group inviting to good, enjoining right and forbidding wrong.'

## (5a) The historical Muslim responses

| Response                  | Date  | What it did                                       |
|---------------------------|-------|---------------------------------------------------|
| Deoband (Dar al-Ulum)     | 1866  | Preserved religious learning after 1857           |

| Muhammad Abduh's reforms  | 1890s | Modern subjects at Al-Azhar                       |

Each was a partial answer; together they show the path — **faith preserved and knowledge embraced**.

## (5b) Western influence in Pakistan — examples

- **Education:** elite English-medium schools with foreign curricula beside weak government schools and madrasas.
- **Media and lifestyle:** foreign entertainment; brand culture; lavish weddings.
- **Economy:** IMF programmes; interest-based banking — though Islamic banking now holds about a fifth of the sector's assets.
- **Values:** growing individualism and delayed marriage — alongside greater awareness of rights and girls' education.

## (6) Conclusion

Western civilization has shaped the Muslim world profoundly — giving it modern science and institutions while weakening its faith, family and economy. The answer is neither rejection nor imitation

but **selective, confident engagement**: take the best, reject the harmful, and rebuild Muslim societies on their own foundations so that they can once again give, and not only receive.

### Why this answer scores

- **Limb 1** covers the **process** (phases) and **both sides** of the effects.
- **Limb 2** gives **nine practical measures** with Islamic grounding and Pakistani references.
- A figure and a phases table make the answer quick to mark.
